

TWO EFFORTS TO BAN FIGHT ARE FAILURES

Charges of Reform Bureau To Court That Knockout, Not Boxing Contest, Is Planned, Fails To Bring Results

Clergymen May Take Case To Other Judges Without Delay; Meeting Is Described As Aid To Gigantic Swindle

NEWARK, N. J., June 18.—A second attempt by the International Reform Bureau to stop the Dempsey-Carpenter fight failed late this afternoon when Vice-Chancellor John E. Foster denied their injunction application. It had been previously turned down by Chancellor Stevenson in Jersey City.

Stevenson gave the representative of the bureau permission to apply to another vice-chancellor for such an order and the clergyman departed to look one up. Stevenson

explained that he was leaving town late today and could not hear the argument.

H. C. Gilson, representing the reform bureau, declared that those promoting the fight were making it easy for counterfeiters to swindle the public by counterfeit tickets, which have appeared in some Eastern cities.

**KNOCKOUT DECLARED
PLAN OF FIGHTERS.**

Gilson announced his readiness to prove that the match was meant to be an out and out prize fight, in violation of the state boxing law.

said he could introduce two affidavits that the fighters are bent on a knockout. Osborne Classe Jr. of New York and William Hughes of White Plains, both members of the International Reform Bureau, had made visits to the Dempsey and Carpentier camps yesterday, Gilson said, and had obtained "knockout" assurances from both fighters.

WASHINGTON, June 23.—William F. Cramer, superintendent of the International Reform Bureau, announced here today that the application of the Rev. Robert Watson for an injunction in the Chancery Court of New York City to stop the Dempsey Carpenter fight was only the first move by the Bureau in its effort to prevent the fight. He said there were many courts in New Jersey competent to grant an injunction and that if unsuccessful in one representative of the Bureau would renew the effort in others.

"You may rest assured," said Cramer to Watson, "that the president of our bureau has a vigorous

to support his case. All the world knows that the match is a prize fight and not a boxing contest such as is permitted by the New Jersey law.

**LEGION MEN HOPE
CARPENTIER WILL WIN.**

BERKELEY, June 23.—Telegrams were today despatched by Berkeley Post, No. 7, American Legion, to George Carpentier and Jack Dempsey, and London and American correspondents, for honors at Saturday's fight at Jersey City.

Sympathy of the Berkeley Post was expressed with Carpentier, while there were no reports as to respect the post couldn't go on record in favor of an American.

Following is the telegram sent to Carpentier:

"Write you as a comrade and

We hope you may win in your approaching contest. But win or lose we shall still be proud to call you comrades.

The message despatched to Dempsey is as follows:

"We have just telegraphed George Carpentier assurances of our esteem and support and our hopes that his team may be victorious. You should have preferred to send this message to an American, but we cannot feel that we should send it to you and at the same time be fair to those Americans who may be hostile to their country in the inspiration of our association."

**Ralph Groves Given
Year's Imprisonment**

LOS ANGELES, June 23.—(U.P.)

three Groves brothers, all formerly prominent politically, were sentenced yesterday after they had pleaded guilty to charges of violating the federal enforcement laws. **Ralph** Groves, former state prohibition agent, was sentenced to 10 years in prison, and **William**, the county jailer, to 10 years. **Ray** Groves, former secretary of the Democratic state central committee, was fined \$2000, and **George** Groves, in private business here, was fined \$500.

The Groves brothers pleaded guilty to about two weeks ago to a federal indictment charging they had conspired with other persons to permit

the withdrawal of whisky from bonded warehouses, while Raigrobes was prohibition director, or illegal applications put through with the connivance of the director's two brothers. It was also charged that the brothers had furthered traffic whereby persons holding themselves out as Jewish rabbis had procured permits for the issuance of "moral mental wine" to persons not of the Jewish faith.

MEXICO CITY, June 18 (By the Associated Press).—Rodrigo Mueses, an American miner, was captured by three bandits near Palmaran on Friday last, but was rescued by federal troops the next day and returned to his home in safety, says an official announcement issued here today.

Two Girls Will Fight Joyce;
Alimony Decision Is
Due Tomorrow.

CHICAGO, June 23.—Peggy and Charlotte kissed each other via the Western Union today and made up. A complete reconciliation has been effected between Peggy, former beauty, and Charlotte Johnson, admitted "other woman" in the life of J. Stanley Joyce, third millionaire spouse of Peg, according to Attorney Weymouth Kirkland.

In a conference between Charlotte and Kirkland, Peggy's attorney, it was decided that Joyce's former flame will be called to Peggy's rescue and take the stand in the Joyce divorce case.

The two girls, once peevish at each other because of affection for Joyce, now are the best of friends and exchanged "love" by telegram today, Kirkland stated.

Charlotte, after the conference, left for Grand Rapids, Mich., today with her husband, who is sticking by her.

Judge David Sabath is to announce tomorrow the amount of temporary alimony Peggy is to get from Joyce.

BRYCE PAYS BIG
TRIBUTE TO U.S.
CONSTITUTION

LONDON, June 23 (By the Associated Press).—Viscount Bryce, former British ambassador in Washington, inaugurating the Sir George Watson chair of American history at the Mansion House yesterday, declared the United States constitution was "the greatest single contribution made to government as an applied science."

Englishmen, Viscount Bryce asserted, studied American history too little and he hoped the Watson Foundation would bear abundant fruit in a better understanding between the two peoples.

The establishment of the Watson chair is said to be the first serious attempt to teach American history in England aside from the course begun in Oxford University a year ago. The movement, which is the outgrowth of the work of the Anglo-American Society, is spreading and the English are taking a new interest in American institutions and problems. The Watson chair will not be attached to any university, but lectures will be delivered in the various colleges.

ANTI-BEER BILL
PASSED IN HOUSE
BY 250-90 VOTE

Kahn Among Representatives
Who Oppose Too Much
Dry Legislation.

WASHINGTON, June 23.—By a vote of 250 to 93 the House last night passed the Willis-Campbell bill to prevent the sale of beer to the sick and sent it to the Senate, with expectations of its final enactment before the end of the week.

Briefly, the bill would prevent use of beer or wine by the sick on a physician's prescription; would prohibit manufacture and importation of liquor until the present stock, held under government supervision for non-beverage use, had been exhausted; would limit the number of liquor prescriptions to be issued by physicians to ninety in three months; and apply the provisions of the prohibition act to Hawaii and the Virgin Islands.

Opening the attack on the bill, Representative Clason, Republican, Wisconsin, declared the American people did not regard violation of the Volstead act as wrong.

Representative Gallivan, Democrat, Massachusetts, declared he was

not ashamed to oppose a measure designed to fool the people.

In closing debate for the opponents, Representative Hill, Republican, Maryland, threw the House into considerable disorder by charging that Wayne B. Wheeler, general counsel for the Anti-Saloon League, had drafted the bill. Pointing to the league lawyer in the gallery and calling him by name, Hill brought a wild shout from the prohibition element, some of whom stood until quiet was restored.

A moment later when Representative

Foster, Republican, Ohio, denied that Wheeler helped draft the bill, there was another dry outburst.

Warning the House against the constant spread of law breaking since the enactment of drastic prohibition laws, Representative Kahn, Republican, California, turning sharply upon advocates of the anti-beer bill declared "there are members here who vote for prohibition and who drink more liquor in a week than I do in a year."

Kahn asserted the Volstead law was being broken every hour of the

day and that Congress ought to handle the problem in a rational way.

Californians who voted against beer bill—Curry, Lea, Nolan and Kahn.

Republicans voting against the bill were: Ansorge, Bacharach, Beck, Brennan, Britten, Burdick, Burke, Chandler (N. Y.), Clason, Connolly (Pa.), Curry, Davis (Minn.), Dyer, Fairchild, Fenn, Freeman, Gerner, Glynn, Hill, Hogan, Hukriede, Hull, Jefferies, Kahn, Keller, Kennedy, Kissel, Kleczka, Kline (N. Y.), Lamm, Lee (N. Y.), Lehigh, Long-

worth, McLaughlin (Pa.), Mack-gregor, Madden, Magee, Maloney, Merritt, Mills, Morin, Mudd, Newton (Missouri), Nolan, Ogden, Olpp, Parker (N. J.), Porter, Radcliffe, Ransley, Reber, Rodenberg, Rogers, Ryan, Snyder, Stafford, Stephens, Taylor (N. J.), Tinkham, Vane, Voigt, Stok, Mard (N. Y.), Watson—64.

Democrats, against—Campbell (Pa.), Carey, Cockran, Cullen, Deal, Fawcett, Gallivan, Griffin, Hardy

(Texas), Hawes, Humphreys, Kin-dred, Kunz, Lazaro, Lea (Calif.), Linthicum, Logan, Martin, Meade, O'Brien, O'Connor, Pou, Riordan, Rouse, Sabath, Sullivan, Tague, Teny, Byck—28.

Socialist—London.

Total against—93.

A TASTE TELLS WHY—Hawes' Acid Phosphate should be used in home fruit dishes gives a smashing good flavor. Try it. Advertisement

YOUNGMAN WILL FACE ACCUSERS, ATTORNEY SAYS

Man Charged With Bigamy
Will Return To Oakland,
Lawyer Declares.

Predictions that Ray Youngman, Oakland musician, who is charged with bigamy by Mrs. Enid Whittlesley Youngman of Berkeley, will return to Oakland after July 4, were made today by Myron Harris, his attorney. Harris says that when Youngman left the city he did not know of the bigamy charge and that it is probable that he has not yet heard of it. With Mrs. Youngman No. 1 he has announced the intention of seeking an out-of-the-way spot in which he could find rest from the nervous strain that followed his complicated matrimonial experience.

Action by Youngman to have his marriage with the Berkeley girl annulled is based on the charge that she and her father intimidated him and forced him into the marriage. After Youngman had filed this charge Mrs. Enid Youngman retaliated with a criminal charge of bigamy and the San Francisco police, armed with the warrants, started a search for the musician. They have not been able to find him.

School Board Will Ask \$4,213,110 for Expenses

The Oakland Board of Education will ask \$4,213,110 to support the schools during the coming fiscal year, as against \$4,353,871.63 asked last year.

This was decided upon last night at the last regular meeting of the Board of Education, which will be succeeded July 1. It was admitted last night, however, that what a department asks and what it gets constitute different sums but it is believed the final figure after being pruned by the City Council, will approximate about \$3,500,000.

The meeting last night was concentrated on business affairs strictly. The proposed budget, with its four million dollar estimate, was merely submitted by Business Manager Lloyd Barzee and adopted.

\$131,000 CUT OFF
The budget committee originally decided upon asking \$4,344,110.44, but at the last minute it was decided to cut this amount by \$131,000 by reducing items which are very greatly needed, according to the budget committee, but which it is felt can better be dispensed with than many others.

The cuts are:
Maintenance and replacement of sanitation systems in elementary schools, \$50,000; fixed charges, \$50,000; evening schools, \$20,000; high school equipment, \$30,000; ten teaching positions, \$20,000. Total, \$131,000.

An analysis of the budget, issued by the committee, it is shown that the following percentages of the

whole are asked for the various phases of education.
General fund, 49; instruction, 73.55; operation of plants, 5.52; maintenance of plants, 5.36; auxiliary agencies and activities, 2.89; fixed charges, rent, insurance, 3.11; tax interest, 2.2; land, buildings, ground, equipment, improvements, 8.15.

200-DAY BASIS.
Last year the school department received, as an estimate for 200 teaching days, \$4,464,975.07. Last year it asked \$4,553,871.63. This year its complete estimate, \$4,244,110.44, is as follows without considering the \$131,000 later deducted:
Instruction, 49; instruction, 73.55; operation of plants, 5.52; maintenance of plants, 5.36; auxiliary agencies and activities, 2.89; fixed charges, rent, insurance, 3.11; tax interest, 2.2; land, buildings, ground, equipment, improvements, 8.15.

Operation of school plants—Salaries of custodians, fuel, water light, etc., \$239,852.

Maintenance of school plants, \$232,950.

Auxiliary agencies and sundry activities—Chabot Observatory, Department of Research, Medical Department, Deaf Class, etc. \$125,029.05.

Fixed charges—Rent, insurance, \$34,215.

Other payments—Tax abatements interest, demands of preceding years, \$10,120.

Outlays and deferred accounts—Work in progress, unpaid bills, land, buildings, improvements, etc., \$297,386.

Total \$4,344,110.44.

In addition to the above amount the following items are submitted as requested:
Amount requested for improvements and alterations to Chabot Observatory, \$12,000.

Amount requested by teachers' salary committee to provide an increase for 1921-1922 of \$180 for each certified teacher, \$252,000.

Richmond Council

Told of Meat Waste

RICHMOND, June 28.—The Richmond police will investigate a report to the city council last night that good meat by the truck load is being dumped into the bay in the vicinity of South Twenty-seventh street. The report came to the council through Dr. C. R. Blake, city health commissioner, who referred to J. H. Bane of 331 Barrett avenue as his authority. Bane was present and told the council that he had been told by another man who claimed to have seen the meat dumped into the bay. The council referred the report to Chief of Police W. H. Wood for investigation.

Even if good meat is being dumped into the bay, there is no legal way of preventing it on the ground that it is destruction of food, Mayor Leavelle said. He introduced a bill in the last legislature making it a felony to destroy foodstuffs fit for human consumption, but it failed of final signature. The only legal means of stopping the practice would be a health measure, it was said. However, if good meat is being thrown away, pressure should be brought to bear on the meat dealers to permit its charitable purposes, the council agreed.

Blind Man Fatally

Hurt By Street Car

R. E. HUSSEY, a former inmate of the Blind Adult Industrial Home at 3601 Telegraph avenue, was struck and killed by an Eighth street car at Eighth and Center streets.

The accident happened shortly after midnight. Hussey was rushed to the emergency hospital in the police ambulance, as life was not yet extinct, but he died at 1:55. Death was caused by a fractured skull and internal injuries. Hussey was 47 years old.

According to Ben Mullen, conductor in charge of the car, and motorman William Wollen, Hussey walked directly in front of the car as it partially stopped at Eighth and Center streets. No arrests were made.

Officials at the Blind Home declared that Hussey had left there about two months ago to ply his trade as broom manufacturer. He was not totally blind, they said.

Woman Is Injured

in S. F. Collision

SAN FRANCISCO, June 28.—Mrs. C. W. Stackpole of 1885 Oak street, suffered painful injuries today when an automobile in which she was riding collided with a car at Van Ness avenue and Sutter street. The woman was thrown through the windshield, suffering severe bruising of the face, head and body. She was taken to the Central Emergency hospital. Irving Jacobs, who was driving, was unhurt.

Stomach Troubles

Due to Bad Teeth

"Physicians look at your teeth today, but your teeth tell the condition of your health tomorrow! The X-Ray Radiograph, as used in this office, never fails to reveal the real state of your mouth—we employ it in diagnosing every case," said Dr. R. C. Anderson, well known dentist, at 1225 Broadway.

"We are a druggist, drug-dosed nation today because we pay so little attention to our teeth. The teeth are the guardians of the whole digestive system. Ninety per cent of all diseases is caused by indigestion, and eighty per cent of sufferers from indigestion have imperfect teeth."

"One missing back tooth may derange the whole digestive tract. The reason is that most of us eat rapidly, chew hurriedly. The missing teeth fail to break up the food properly, the saliva cannot act upon it, and in the stomach the digestive juices cannot do their work right. Then fermentation sets in, and often the sufferer runs to pour some drugs into the stomach and makes a bad matter worse."

"The man or woman who feels below par, who has stomach trouble, rheumatism, neuritis, pains in the joints, nervousness, with an occasional headache, should have X-Ray pictures of the teeth taken at once. We use the X-Ray in our office in all cases and it is surprising the number of abscessed teeth and cases of pyorrhea the X-Ray Radiograph shows."

"Head teeth should never be left in the mouth," said Doctor Anderson. "Have them extracted, keep the mouth clean, chew your food well and nature will take care of the stomach and digestive tract. So there will be little need for drugs."

COUNCIL DEFERS ACTION ON AUTO CAMP FOR CITY

Ready To Appropriate \$1000.
But Contracts Can't Be
Let By June 30.

Finding a legal obstacle in the way of appropriating \$1000 for sanitary facilities on a school department lot at Fifth and Grove streets, the City Council today deferred action on the establishment of an auto camp in Oakland, though a private concern promised the Council it would be ready for business at Forty-ninth and San Pablo in three weeks.

The Council would have appropriated the \$1000, but it was pointed out that the contracts must be let and the work under way by June 30, in this fiscal year. It cannot be done.

We invite the world to come to Oakland," commented Commissioner Edwards, "at the start of the session. And then we tell 'em to move along."

PREPARING BIG CAMP.

E. Winsby, president of the United Limited, has secured the lot on San Pablo, giving each of 400 campers a plot 20 by 25 feet, with all necessary sanitary and bath accommodations. Marston Campbell, engineer of the school board, endorsed the scheme.

"The smallest towns of California have camping grounds," said Campbell, "and yet this big city hasn't one."

Lloyd Barzee of the Board of Education, asked about the possible use of the University High school lavatories for campers on the lot alongside, explained that the lavatories cannot be thrown open unless the whole school be opened, which would invite trouble.

Carroll and Barzee were requested to confer on further plans and meanwhile Winsby will work on his camp ground. The Council instructed that a camping site in East Oakland would be advisable to attend to that end of the city.

OPPOSE CAFE LICENSE.

Helene Sweet Arledge, representing the Public Welfare League, brought in a petition with 1500 signatures against granting a license to the Hoffman cafe on Seventh street. Commissioner Baccus expressed surprise that the Public Welfare League should ban some carabets and not others.

"They're all alike," he said. "How do you protest the Hoffman and say nothing about the Rex?"

"We did not know the Rex matter was coming up at the time," explained Mrs. Arledge.

"ACROSS 'SAXS 'STRANGE'." "How about the 'Crisol cafe'?" "That is a restaurant."

Baccus then quizzed Mrs. Arledge about a whole directory of cafes and cabarets, trying to get the Public Welfare League's actions tabulated in each case.

"We can only act where we have evidence," said Mrs. Arledge.

"It's strange," insisted Baccus, "that the Rex can get a license and the Hoffman cannot."

The Hoffman matter is set for hearing July 7.

ONE LOOK INTO JAIL IS CURE FOR SPEEDER

Joseph Rose, a truck driver for a grocery firm at 2485 Telegraph avenue, was arraigned before Judge Mortimer Smith and pleaded guilty to the charge of speeding.

"I am not going to fine you," Judge Smith declared. "I am going to sentence you to two days in jail."

Rose was led away by Bailiff Gilbert, placed in the jail elevator, taken to the city jail, told to look at it, and then brought back to Judge Smith's court.

"Young man," said Judge Smith, "do you believe that you have been duly impressed with the dignity of the law and that your actions can be governed by its requirements in the future?"

"I have, sir," said Rose.

"Then I fine you \$10 on the remaining two charges."

After paying his fine for reckless driving and operating a car without a license Rose hurried out of the crowded courtroom.

DRYDEN OFFERS

TO BEAR COST OF

WATERING PARKS

Reading that the parks of Oakland are drying because the Park Board has not sufficient funds to water them, J. J. Dryden, a local manufacturer today offered to carry the entire burden of keeping the lawns green.

The offer was made to Henry Vogt, secretary of the Park Board, over the telephone.

"I am willing to bear the burden," said Dryden, "of a citizen of Oakland I want to see the parks kept up."

"Do you know that our water bill comes to \$75 per day?" asked Vogt.

"I am willing. My offer stands," Vogt pointed out that the labor bill runs to about \$250 per day. Dryden was somewhat staggered but he took the offer. The offer will be taken up before the Board of Park Directors this afternoon.

The assuming of the burden by Dryden would cost him about \$1500. Members of the Park Board say they will probably not accept the offer as they believe some funds may be gleaned from the recent "old horse sale."

PREACHER POETIC

IN HIS CRITICISM

OF GIRLS' ATTIRE

NEW YORK, June 28.—Scant summer styles as exhibited in these parts, have inspired the Rev. John B. Stratton, pastor of the Calvary Baptist church, to pen a "boom," which was going through his second edition in "the public print" today. "Write Dr. Stratton. She was more than half-way out."

"The latest style," no doubt. But exacting as she got inside. "She was more than halfway out." In a prose foreword, delivered from his pulpit Sunday night, Dr. Stratton declared he did not advocate a return to the old street-sweeping styles.

"There is a style for woman's dress," he said, "and it is the style of sanitation, as well as the principles of modesty," he said.

NEW PACT TO BE USED IN SENDING VESSELS TO SEA

Firms Chartering Government Ships Perfect Working Arrangements.

Representatives of shipping firms chartering government-owned vessels have perfected working arrangements under which they will be able to put their ships to sea under the newly signed agreement. It has been announced that no negotiations are contemplated between the shipping board and representatives of the unlicensed maritime unions and that the private shipowners have, so far, ignored the unlicensed unions.

Union officials today denied reports that their members were resigning to take positions on privately owned ships, and point to the daily register of membership as evidence that the rolls are still intact. Shipowners on the other hand declare that they are having little trouble now in signing men and that, with shipping conditions below normal a surplus of marine workers will be on hand for some time to come.

There are in the harbor now 111 vessels which in normal times are engaged in foreign or off-shore trade.

Five Killed and Ten Wounded in Rioting in Fiume

(By Associated Press)
ROME, June 28.—Two Italian cruisers arrived at Porto Barro today following an outbreak of rioting at Fiume in which five persons were killed and ten wounded. Porto Barro adjoins Fiume. The disorders followed the downfall of the Giolitti cabinet.

**DIVORCE IS ASKED
BY MRS. DURANT**

Suit for divorce was filed this afternoon by Mrs. Adelaide Durant against R. "CHIT" Durant in the Alameda county Superior Court.

Mrs. Durant alleged incompatibility as grounds for the decree, which she requested. It was understood that all matters of property rights and similar arrangements were to be settled out of court.

As soon as the suit is adjusted Mrs. Durant expects to leave for Europe, paying an extensive visit to Paris. Durant is at present in Oakland and is under the care of the new Durant Motor factory which is to be instituted here.

SIX PINNED UNDER CAR AFTER CRASH AT CORNER HERE

Santa Clara Professor and
Four Students Escape
Serious Injury.

Six men narrowly escaped death last night when the automobile in which they were riding collided with a car driven by Deputy Sheriff J. Brown at Grand avenue and Harrison boulevard, skidded 50 feet, overturned twice stopping upon down pinning the occupants to pavement.

Leo Blinn, 5 Lester street, was driver of the overturned car, and with him were A. A. Ott, professor at Santa Clara University, Lester Moffat, student at the university, residing at 123 Gifford street, S. Jose, Leon Bernal, Alphonse Blinn and Jerome Langgan, all students Santa Clara.

The two machines collided while traveling at a high rate of speed. Leon Bernal was the only occupant of the Blinn car injured. He sustained a fractured collarbone and was treated at the emergency hospital. The other occupants were merely shaken up and bruised.

TRD JURY FAILS REACH VERDICT IN MURDER TRIAL

CRAMFORD, June 28.—Jurors in the trial of James W. Brown, a young radio operator, charged with the murder of his friend Harry Stevens, died on a verdict here last night were discharged.

Brown entered a plea of temporary insanity.

WEAR 'EM LOWER AND HIGHER, GIRL EMPLOYEES TOLD

CHICAGO, June 28.—Female Casey Joneses who work in Chicago railroad offices were verbally spanked today by L. R. Troll, vice-president of the railroad bureau.

Said Troll: "Most of the big railroads have ordered their employees to leave their cabaret dresses hanging in the closets and not on their shoulders when they come to work."

"It is well that women do not work in train despatchers' offices. There would be many wrecks. We don't ask them to dress like fugitives from insane asylums, but we do demand decent dress."

MOVIE THEATER OWNERS PLAN CO-OPERATION

BY ASSOCIATED PRESS
LEASING WIRE TO TRIBUNE

MINNEAPOLIS, June 28.—Delegates to the convention of the Motion Picture Theater Owners of America today will consider a plan formulated by its executive committee last night for formation of a co-operative distributors' organization among independents.

Energetic producers of some motion picture producers into the exhibition field was responsible for the action of the committee.

The plan calls for raising of a \$2,000,000 fund on a percentage basis from every motion picture theater owner and every independent producer in the country. It will be spent on a national advertising campaign in opposition to the Famous Players-Lasky Corporation, of which Adolph Zukor is president, according to initial plans, which were laid before the committee by Benjamin B. Hampton of Los Angeles, an independent producer.

Charges were made at the convention that a "movie trust" controls 50 per cent of the moving picture business in the United States.

MEN ONLY LOOK FOR BEAUTY, WAIL OF HOMELY GIRL

BALTIMORE, Md., June 28.—"Men only look for beauty, they don't care about the real home maker any longer," Virginia Hicks, 20 years old, a patient at the Maryland general hospital, who tried to commit suicide Sunday night by swallowing poison, explained that there was no place in the world for a homely girl.

"I don't want to get well," she continued, pushing back her short, red hair. "Men don't care what you do for them, they are all for the girl who spends everything on clothes and makes a big show. They don't care if a girl is good and a real homemaker, all they want is a big display for their money."

Refusing to give her lover's name, she admitted that they had been very happy and expected to get married soon, until one evening of a dance he met a prettier girl, and after that she did not have a chance.

"Classical features and a conspicuous lack of freckles are essential features for happiness," Virginia declared weeping.

WOMEN PROTEST AGAINST CHANGE IN TOWNER BILL

SAN FRANCISCO, June 28.—Protests against any change in the proposed Sheppard-Towner bill, transferring its work from the Children's Bureau to that of Public Health Service, has been made to Senator Samuel Shortridge by San Francisco Center, California Civic League of Women Voters. A telegram has been authorized sent by Mrs. Parker Maddux, president and Mrs. Genevieve Allen, secretary.

It calls upon Senator Shortridge to fulfill his campaign pledge by supporting the work of the women as expressed in this piece of legislation, and claims that the bill should be administered by the Children's Bureau, as it is the result of seven years' study by the women of that department. It points out the injustice of removing it from the jurisdiction of that bureau or transferring it as proposed by the amendment to the Public Health Service. The Public Health Service, according to the local women has not taken part in the study and research which influenced the framing of the bill.

A second strong objection to the amendment is based on the grounds that the Public Health Service follows a policy which practically excludes ably-trained women from its administrative service and on that account is giving to them only temporary appointments and discriminatory designation of acting assistant surgeons.

The Sheppard-Towner maternity bill provides for the care of mothers and infants. It has the endorsement of California clubwomen as well as women of the nation.

Senator Shortridge has been sent a telegram also by Mrs. Edward F. Glaser of the State Republican Central Committee, urging him to "stand by his campaign pledges."

FARMERS' ARMY BATTLES WITH GRASSHOPPERS

COLORADO SPRINGS, Colo., June 28.—Modern methods of fighting insect pests have put to rout the grasshopper army that has threatened for the last three days to occupy El Paso county. The danger of further invasion last night was considered over and the farmers are being mustered out of service.

Wrapped for Your Protection

Former Express Man Indicted For Theft

To defeat the statute of limitation operating in favor of Dan S. Bryant former employee of Wells Fargo Express Company United States Attorney Frank M. Silva has summoned the federal grand jury in San Francisco into special session and has had returned against Bryant a true bill in which he is charged with the theft in June of 1918 of \$500 in currency said to have been sent by the express company from Berkeley Company of Oakland to H. B. Klotz Virginia City, Nevada. At the time of the alleged theft Bryant was employed by the express company at the sixteenth street station Oakland. The case was presented to the grand jury yesterday, and Bryant is specifically charged with stealing currency in interstate commerce. His bail was fixed at \$1000. He is in the custody of Alameda county authorities.

JAPANESE PRESS LEADER VOICES PLEA FOR PEACE

Hospio Mitsunaga Comes To
America To Study Methods
of Newspapers

SAN FRANCISCO, June 23.—Future peace among nations lies largely in the hands of the press, Hospio Mitsunaga, president of Nippon Denpo Tsushin Sha, the leading press association of the Orient, declared today in an interview with the United Press.

"We of Japan believe in the League of Nations," Mitsunaga declared, "but I believe that before the League of Nations we should first have a league of newspapers representing all nations, which would pave the way for world peace. Newspapers are the greatest influence for peace."

SAN FRANCISCO, June 23.—

Frederick Stern, who was head of the Mercantile Finance Corporation and the Stern Talking Machine Company, is under indictment today, that action having been taken against him by the Grand Jury on two counts last night. He is charged with issuing a false prospectus and obtaining money under false pretenses, and both cases are pending in Judge Daniel S. O'Brien's court. Stern was arrested on warrants sworn to by Mrs. Minnie Clark, 2407 Sacramento street, and Julius Schwartz, 207 Hickory street. He is now out on \$2500 bail. Two other indictments were returned by the Grand Jury last night, one against G. W. Hawkins, president of the International Unity Corporation, charged with issuing stock without a permit, and the other against Theodore Hudson, charged with issuing bogus checks. True bills will be filed Thursday against the three defendants.

James Williams, contractor in charge of construction of the new Federal Reserve Bank structure on Battery street, has announced that he will swear out a warrant for the person, as yet unnamed, who, Williams declares, made threats against his life before and after the disclosure of the plot to dynamite the boilers in the building. Another angle of the plot, exposed recently to the police, was the plan to put a large derick out of commission on the same building by pouring acid on the guide wires.

P. Lappas, business man of Fresno, is happy today, following the decision yesterday of his Australian fiancée that she would rather go to the altar with him than return to Australia. She came to this country for the purpose of becoming Lappas' bride. On arrival, she changed her mind, and was held on Angel Island. The officials told her she could not enter this country except to become Lappas' bride. She finally decided she would carry out her original intention to marry Lappas.

Under the terms of a contract voted favorably upon by the Board of Supervisors yesterday, San Francisco may maintain 50 tubercular patients at Welmar, paying \$3 a day for each patient. The contract, which will be drawn up

SAN FRANCISCO WILL CELEBRATE DIAMOND JUBILEE

Seventy-Fifth Anniversary of
Raising of U. S. Flag To
Be Observed.

SAN FRANCISCO, June 23.—Final arrangements are being completed for San Francisco's diamond jubilee, on July 8, in honor of the seventy-fifth anniversary of the inauguration of American rule on San Francisco bay. A proclamation was issued yesterday by Mayor Ralph announcing that a fitting observance of the day will take place in Portsmouth square, where the Stars and Stripes will be raised as they were on July 9, 1846, when Captain John B. Montgomery occupied the town for the government of the United States.

The invasion of San Francisco was a peaceful one. Captain Montgomery, acting in accordance with the order of Commodore Sloat, who was in the bay at that time, sent word ashore on the night of July 8, from the sloop Portsmouth, that on July 9 he would land and take possession of the city of San Francisco.

At 8 o'clock a. m. the next day Captain Montgomery landed with a small party at the foot of Clay street, which ended at that time at what is now Montgomery street. They marched to the Plaza, where they raised the Stars and Stripes. The sloop Portsmouth fired a salute of 21 guns.

The Spanish flag had already taken their departure, leaving their flag in the possession of William A. Leidesdorff, the American vice-consul.

A government was organized shortly after the raising of the American flag.

Immediately and submitted for the approval of the board, will be with 11 Northern California counties.

The Hospio Ship Mary will be with the Pacific fleet squadron that will visit San Francisco on July 1. Arrangements are being made to entertain the sick sailors.

Certain intimate facts concerning the late James A. Murray, whose \$15,000,000 estate has been the object of a many-sided will contest, were disclosed yesterday. How his attitude changed from disfavor to favor with regard to Stuart Haldorn, his step-son, was told by friends of the late mining magnate. Haldorn was left 5 per cent of the stock in the Monahan Trust Company.

FOUR ARRESTED AT SEA FOR PLOT TO DISABLE SHIP

Creole State Forced To Go To
Manila For Repairs To
Damaged Machinery.

SAN FRANCISCO, June 23.—Discovery of an alleged sabotage plot aboard the United States Shipping Board passenger liner Creole State resulted in the arrest at sea of Joseph Wing, an oiler, and three companions, according to a report received yesterday by William Kincaid, director of operations for the board, at the time the ship was en route from here to India.

The report was made by cable and signed by John Miller, captain of the Creole State, which docked yesterday at Manila. It is declared in the captain's report that the plot was one of bold conspiracy to disable the vessel at sea. Wing is said to have confessed when arrested, implicating three others, whose arrests followed. Emery powder was said to have been found in the possession of Wing, and the same substance, it is declared in the report, had been applied to various parts of the machinery of the ship. All auxiliary pumps and both force draft fans were out of commission when the vessel arrived in Manila. Both generators had burned out en route. Repairs were being rushed when the cable was sent and the vessel was expected to resume her voyage today.

Afghan Princess Is Received By Ralph

SAN FRANCISCO, June 23.—At a public reception in the city today Mayor James Ralph Jr. officially welcomed the Princess Fatima, Sultana of Kabul, Afghanistan, and her three sons to San Francisco. The three sons are Sirdar Mohammed Akbar Kahn, Sirdar Mohammed Akbar Kahn, and Sirdar Mohammed Akbar Kahn.

The party is on its way to England, where the princess intends to place her three sons in Oxford University. On Thursday they will leave for Washington to pay their respects to President Harding.

The princess is the granddaughter of his majesty, Amir Mohammed Zaman Kahn, grand uncle of the ruler of Afghanistan.

Super-Power Plant Planned At Portland

PORTLAND, Ore., June 23.—A super-power plant, which would mean consolidation of all power resources and the construction of a giant transmission line through the Northwest, is being considered by engineering authorities from various parts of the country, who are now in this section investigating the feasibility of the proposition.

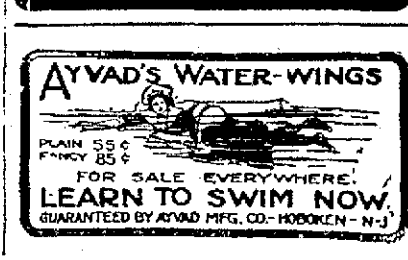

At a meeting held in Portland a survey committee of engineers was organized and upon the results of the committee's investigation will depend the decision as to whether the project will be carried out.

Eastern industrial and power concerns have professed faith in the super-power transmission theory.

"Mina Taylors" are attractive, yet inexpensive

Capwells

OAKLAND

"Mina Taylors" launder splendidly

"Hurry Up! Here's Something Good for You!"

And that is just what we feel like saying to you, when we look at the crisp, bright "Mina Taylor" dresses just arrived!

They have arrived just in time to supply new styles for the Fourth-of-July outing, or the summer vacation. Frocks for home duties, or afternoon wear.

New "Mina Taylor" Dresses The Dress for Every Activity

They are made in such pretty styles—these "Mina Taylor" dresses! They have the clever lines and the many little touches that give them the individuality that you like about your clothes.

Some of the newcomers are of pretty gingham in many colorings with sashes and organdy fronts or trimmed with embroidery. Others are of plain pink, blue and tan chambrays.

For real service—and satisfaction—and for the very real economy it represents—try a "Mina Taylor" Dress. Priced from \$3.95 to \$12.50.

—Capwells, exclusive Oakland agents, second floor.

More New "Hoover" Dresses

Another shipment just received of these well-liked and very practical house and kitchen dresses. Of plain pink and blue chambrays, nicely made and finished. Price \$3.95.

—Second floor, Capwells

In 1850 they liked Folger's Coffee—so will you

One incentive for 71 years

Away back in 1850, Folger's Coffee was supplied to the early builders of the Pacific Coast empire. It was liked; it was considered good coffee.

But we were far from satisfied with this pioneer product. We constantly sought ways and means for improving it—for bringing out the best coffee flavor and for keeping that flavor absolutely uniform.

This incentive—the incentive of striving for something better—has dominated the Folger organization for seventy-one years. That is why we know you will like Folger's Golden Gate Coffee. It is the best coffee this long experience and skill in coffee roasting have produced.

You will find that it is smooth and rich;—and its fine flavor is kept for you in the vacuum tin. You will like Folger's Golden Gate for it is

"Different in taste from other coffee and better."

Ask your grocer for it.

LESTER BRADSHAW TO FACE TRIAL ON FORGERY CHARGE

Former Teller Pleads Not Guilty; Case May Be Tried in July.

MARTINEZ, June 23.—Lester J. Bradshaw, 20, former Richmond bank teller, accused of forgery and recently returned from Australia, pleaded not guilty yesterday afternoon to charges of forgery on grand jury indictments that he secured \$10,000 through forging the name of Andrew Nelson to withdrawal receipts. Superior Judge A. B. McKenzie fixed next Tuesday as the date for setting of the trial. District Attorney A. B. Tinning suggested July 12 as a trial date, and declared if the case is not tried then it will be impossible for him to prosecute the case until the latter part of August. One of the state's witnesses, he declared, is a government employee who will be absent from California between July 15 and August 15. Attorneys T. M. Carlson and Wilbur Pierce, representing Bradshaw, urged a continuance of the time of setting trial, declaring it possible they could try the case on July 12 if they were able to secure witnesses whom they desire to call. Mrs. Bradshaw, the former Miss Leona Anderson of Berkeley, attended the court session and visited with her husband after the hearing. According to Bradshaw's attorneys, his wife is seeking employment and desires a positive statement that she might be near her husband.

SUES FOR WAGES.
SPRINGFIELD, Ill., June 23.—A suit to collect \$3,000 in wages for twenty-three years' service as a domestic was started here by Minnie Zilk against Charles Simon. Promises were all she received for her labor, she said.

Kite-Balloons Break Loose From Warships

Smash Telegraph Wires and Finally Land in Santa Barbara.

BY ASSOCIATED PRESS
LEASED WIRE TO TRIBUNE.
SANTA BARBARA, June 23.—Two kite balloons in tow of battleships en route from here to Monterey bay parted their cable yesterday and both drifted inland to Santa Barbara county. According to the best information available here last night neither was manned when it went adrift.

United States navy kite balloon No. 1 alighted in tree tops on the A. B. Henning ranch six miles west of Lompoc, after raking down the telegraph wires of the Southern Pacific Coast line three miles from Surf. United States navy kite balloon No. 12 was located by linemen with its broken cable tangled in a "power" line, a mile west of Santa Maria and after being anchored to a pole settled to the ground, according to telephone advice from Santa Maria. One of the balloons was in tow of the flagship New Mexico and broke away off Cape San Martin. What ship the other balloon was from could not be learned here last night. Each of the four ships in the eighth battleship division which left here early yesterday for Monterey bay ports had a kite balloon in tow.

THE A-TO-ZED SCHOOL

Summer Session Classes

beginning June 20 will enable students to complete a full term's work in one or two high or grammar school subjects before the opening of the regular fall term. Each subject taken will include as many hours of instruction and will require as many hours of preparation as if taken in a regular eighteen weeks' term. Ordinarily, a student will not be permitted to enroll in more than two Summer School classes.

Small Classes—Individual Instruction—Supervised Study—No Compulsory Attendance—No Social Activities. Prepares for Any University or College

F. Letter Carriers Will Hold Picnic

The San Francisco Letter Carriers' Mutual Aid Association will give its annual picnic and games at Shellmound Park on Sunday, for the benefit of the sick and death fund. The committee of arrangements is as follows: Ralph Vossbrink, chairman; W. Shea, John Shea, Roy Tyrrell, L. E. Smith, Myler Harris, J. McElroy, D. Sullivan, William H. Bar-Merrill, Andrass, L. Ruffalo, Thos. Tierney, James Mulhern and Con-Triber.

Up to 1920 the approximate value property owned by railroad companies in the United States was \$19,000,000.

Saxophone Stolen By Musical Thief

In keeping with the trend of the times, a musical burglar with a liking toward modern jazz music is operating in Oakland, according to G. L. Firing, 1052 Sixteenth street, who reported to the police today that a burglar had stolen a saxophone from a kitchen table after cutting a window screen. Nothing else was touched, Firing told the police.

The new musical burglar will work in competition with the "phonograph" burglar who several months ago specialized in phonograph records only, taking only classical music and grand opera records.

Gen. Foch Will Visit Coast in October

PARIS, June 28.—(By The Associated Press.)—The program for Marshal Foch's visit to the United States has been fixed only as regards two dates, October 21, when he will be the guest of the American Legion in Kansas City, and Armistice Day, November 11, when he will attend a ceremony in Washington.

Marshal Foch expects to travel cross-continent, arriving in Francisco about the middle of October. He will stop in Kansas City on his way back east.

ACTIVITIES OF WOMEN

Miss Kinkelin Engaged to Albert P. Otto

A handsomely appointed tea given at her apartment at 840 Powell street, San Francisco, was the medium for the announcement of the betrothal of her niece, Miss Marie Kinkelin and Paul Otto, son of Paul Otto of this city.

The guests included half a hundred of the younger maids and matrons from both sides of the bay, many of them sorority sisters of the bride-elect. Miss Kinkelin and her fiancé are members of this year's graduating class of the University of California. Miss Kinkelin is a Kappa Kappa Gamma girl and Mr. Otto is a member of the Sigma Nu fraternity man. Among the little coterie in which the bride-elect moves are Mrs. George Reynolds O'Connor, Mrs. Hale Harper Luff and Mrs. Andrew Haas of Alameda.

Pastel shades in the summer bloom were used in the apartment and tea followed the afternoon of bridge. The betrothal was announced by cards placed in dainty novelties at the tea tables.

Miss Kinkelin was also graduated from the National Park seminary in Maryland, an exclusive school for young ladies. She is a niece of W. P. Fuller of San Francisco and of George and Frank Fuller.

Mrs. Warren Allen of this city and Mrs. Betty Harris assisted the hostess in receiving.

MISS HELEN BUTEAU AND R. M. SHOCK WED.

By telegram came the news of the marriage of Miss Helen Marjorie Buteau, daughter of Dr. S. H. Buteau of this city, and Raymond Marne Shock, the ceremony taking place at high noon today at the home of the bride's cousins, Mr. and Mrs. Frederick Dunn, at their family estate, Elizabeth Park, one of the oldest and largest homes about Boston. Only the immediate family were guests at the nuptials, the Episcopal ritual being used. Mrs. Frederick Dunn was matron of honor and Frank Jocelyn best man for Shock.

The bride, of a stunning brunette type, was gown in a white duchess satin embroidered in seed pearls, and wore a veil of point lace and net that formed the court train, with orange blossom sprays here and there. Her hair was of white butterfly orchids and lilies of the valley.

The setting for the nuptials was a beautiful spot in the spacious garden surrounding the home.

The honeymoon will be passed in New York and later at Lake Whittman, in Michigan, one of the fashionable resorts on the lakes. Mr. Shock will take his bride to Detroit, Michigan, to reside.

Mrs. Alice Buteau, mother of the bride, who accompanied her daughter east, is expected to return to California in September.

The betrothal of Miss Buteau and Shock was announced last May at a tea given at her home in Piedmont in honor of Mrs. Martin Chalmers Post. The young matron is a sister of Mrs. Frank Macdonald Ogden, wife of Captain Ogden, U. S. A., of the Presidio.

Shock is a graduate of Ann Arbor University and a Delta Theta Phi fraternity man. He is a son of a prominent family of Detroit. His bride is an accomplished musician, and has been studying in Boston for several months.

LADIES' DAY AT THE CLUB.

Friday is Ladies' Day at the Sequoyah Country club, when the links are reserved for the Woman's Golf Team, of which Mrs. Clyde Vetterman is president. Each week end the women assemble for the tourney, which opened June 1 and will be continued until September 1. Many guests are entertained at luncheon on that day and bridge is the afternoon diversion for many on the wide verandas that overlook the green.

Mrs. George Hall was hostess this afternoon at luncheon and bridge, entertaining for Mrs. Daniel Webster, who is to go east to visit her son and daughter-in-law, and Mr. and Mrs. James Gleason in New York. Mrs. Webster will be accompanied by her grandson Russell.

Mrs. I. A. Beretta and family have gone to their summer place in the Santa Cruz mountains near Mt. Hermon, to be away for an indefinite period.

Thursday evening Miss Florence Miller will become the bride of John Philip Shipman in Alameda at the home of her parents, Mr. and Mrs. Frederick Miller. About seventy guests will witness the service, at which Rev. Frank Brush, pastor of Northbrae Community Church, will officiate. Mrs. Miller will be attended by her cousin, Miss Phyllis Collischoon, as bridesmaid, and her sister, Miss Daisy Miller, as maid of honor. George Montgomery of Los Angeles has come north for the wedding, to be best man for Shipman. Little Dorothy Atkins, niece of the bride, will be flower maiden.

Hair Often Ruined By Careless Washing

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonful of Mulsified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for several weeks.

MISS MARIE KINKELIN, member of the Kappa Kappa Gamma sorority, whose engagement to Albert Paul Otto of this city was announced this afternoon at tea at the home of Mrs. William P. Fuller in San Francisco.

benedict-elect, is to be flower maiden, and Master George Montgomery, Jr., will be ring bearer.

Mrs. Harmon Ryus of Los Angeles, who is prominent in musical affairs in the southern metropolis, is en route to Alaska for the summer.

WILL VISIT FROM SEATTLE.

Mrs. Andrew Hemrich, who was Miss Carmen Stolp, is to arrive from Seattle the 9th of July and will be the guest of her parents, Mr. and Mrs. Frederick Stolp.

On Thursday Mrs. Frederick Allardt is to chaperone a number of the younger girls to Ben Lomond, where they have taken a cottage for a month. In the party will be Miss Marion Lyman, Miss Charlotte Coerdt, and Miss Elizabeth Allardt. Miss Ellen Roeder, niece of Mrs.

MAN ATTACKED, ROBBED ON BUSY STREET, HE SAYS

Frank Adams, 332 Eighth street, walked into the inspectors' bureau of the Oakland police department today and reported that between 11:30 o'clock and noon, as he was standing at Eleventh and Broadway, a man, stranger to him, stepped up to him and struck him with a heavy instrument, knocking him to the pavement. He said when he got up the man was gone and so was his watch. The police investigated, but were unable to find anyone who saw the robbery. The streets at that hour were crowded with downtown shoppers.

Mrs. Andrew Davis is now in apartments at Cloyne Court. She has been in Europe for more than a year. Mr. and Mrs. Froeman Hirsch (Helen Davis) are now in Spain. Mrs. Jessica Davis Nahl and her children are still in Europe and will travel during the summer months.

A Scuttle of Coal in Summer may prevent a summer cold—

Any physician will tell you that a damp, chilly house breeds colds, neuritis, rheumatism and influenza.

Many people use no coal during the summer months because of the "expense".

Yet, how much more expensive and discomforting to be ill and forced to pay doctor bills!

It is false economy to "save" on coal and jeopardize health. A little heat—just enough to take the chill out of the air—is necessary on many foggy days and evenings.

Those who are denying themselves heat because they contemplate buying coal at a cheaper price later on, should heed this warning:

After the most careful investigation, the coal dealers have come to the conclusion that coal prices cannot be any cheaper this year.

The present wage scale for miners was fixed by the government and does not expire until March 1922. An under-production of coal brought about as a result of a buyers' strike, further indicates that a shortage is bound to force prices up during the winter.

The Dealers, in an attempt to protect the public, and induce people to buy now while coal can be secured, have lowered the price \$1.00 a ton on coal bought for immediate delivery.

This action is taken in the belief that what benefits the people, benefits the dealers.

KINNEAR DENIED PROBATION, WIFE FAINTS IN COURT

Self-Confessed Burglar Is Sentenced 1 to 15 Years' Imprisonment.

Mrs. Carrie Kinnear, who came from Los Angeles to plead for her husband, Charles Kinnear, confessed burglar, and whose intercession won him a brief respite, fainted in court today when Superior Judge Samuel refused her plea for probation and sentenced Kinnear to San Quentin for a term of from one to fifteen years.

Mrs. Kinnear pleaded with the court a week ago to give her one more chance to redeem her husband, saying she had almost won him away from his old companions. She said she would work off her finger-nails to keep the family going until he should secure honest work if he were given probation.

Kinnear admitted robbing the home of B. E. Herskovits, 729 Thirty-first street, April 2.

School Head Leaves For Eastern Trip

Fred M. Hunter, superintendent of schools, departed this morning for Des Moines, to preside over the annual convention of the National Education Association. Several educational matters will be taken up there, including Lewis Avery's plan that taxation questions be studied as a part of the curriculum in all the schools of the United States. Hunter will be gone about three weeks.

Grower Officials Fail to Obtain District Majority

SAN JOSE, June 28.—Anti-administration forces in the California Prune and Apricot Growers' association won a victory in the election of members of the association voting board, or controlling body, from district No. 8, in the election vote completed shortly before midnight last night.

Nine avowed anti-administration candidates were victors out of the 16 members of the board to be elected from the eighth district, while only three avowed administration backers were successful. The other four were neutral candidates whose names appeared on both tickets.

The administration's high man was Leroy Anderson, who placed 14th in the running. C. C. Spalding and Hugh S. Hersman, anti-administration leaders, were close contestants for high man honors. Superior

Judge J. H. Welch, leader of the anti forces and around whom the bitter campaign fight centered, placed eighth, with two neutral men ahead of him. Frank T. Swett, who bitterly opposed Welch in the convention of growers here, supporting the administration, was defeated badly, running 22nd in the race. C. D. Cavallaro and S. D. Santillo, considered opposites in the race, were both defeated. M. J. Madison, also considered one of the leading administration candidates, barely edged out Ralph Harrison, an administration man, for the 16th place.

The 16 members named from this district are but part of the total of 39 members on the voting board to be elected by the eight districts in the state. Tabulations on the other districts, where there were few contests, had not started early this morning.

Tribune Bureau Saves Time For Patron by Tampico Report

The Information Department included Mexico in its informative itinerary today, after receiving a letter from an Oakland subscriber concerning one of the cities in that country.

"Please inform me in your query column what business conditions are at present in Tampico, Mexico."

Business conditions are reported good in Tampico, Mexico. Regarding living expenses, the average cost for a hotel room is \$3 per day. Some time back the city suffered from an outbreak of bubonic plague, but the epidemic is practically over now.

The TRIBUNE's Information Bureau will answer all questions of a general nature except school or legal problems, debates, trade and firm names and queries as to the time of day.

The Bureau is open every day except Sunday, from 8 a. m. to 5 p. m. If answers are desired by mail stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve "Ask The TRIBUNE" Information Bureau, Lakeside 6000.

American Rotarians Arriving in France

PARIS, June 28.—Many American Rotarians arrived today in advance of the main body of delegates, who are expected Friday and Saturday, for their official visit to France.

An extensive program is being arranged. This will commence with services at the French Protestant church in Paris Sunday morning. More than four hundred Americans are expected to come to the Rotarian clubs also have been invited. The delegates will be received by the municipality of Paris July 5. They will visit the battlefields.

Boy Chess Player Beats L. A. Experts

LOS ANGELES, June 28.—Sammy Rubenstein, 13-year-old, Polish chess prodigy, ended four hours and a half of play in the Los Angeles Athletic club rooms here yesterday morning with fourteen winning games to the credit of five draws. Twenty opponents faced the young player.

A game, that with Dr. R. B. Griffith, well-known west coast chess expert, was adjourned at 1 o'clock to be resumed Wednesday. Sammy has won 1000 games and lost 9 to date. It was announced following the tournament.

Old Abstract Firm Is Sold For \$75,000

SAN JOSE, June 28.—The Garden City Abstract company of this city, one of the oldest established concerns of its kind on the Pacific coast, was sold yesterday to the Western Title Insurance company for \$75,000, according to papers filed with County Recorder D. J. Flannery last night. The new company, of which J. M. Bowman, president; H. W. Cowell, vice-president; and H. M. Kerr, manager, will take over the business of the Garden City Abstract company about August 15, according to information given to the Tribune. The place of business will be moved to store rooms in the "Mills" building, corner of First and St. John streets. The Garden City company was owned by the Lewis and Singletary interests. The new company has been in existence since June, 1920.

Woodland Dentist Weds Girl Musician

WOODLAND, June 28.—A surprise wedding was announced yesterday to friends here in the marriage of Dr. H. W. Woodland, dentist, and Miss Grace Pleasant, whose parents are the owners of the orchard known as Pleasant Valley. They were married in San Francisco Saturday afternoon in a college girl and noted in musical circles. Dr. Stern is a member of local musical organization and it was through this association that their romance began. The bridegroom is a graduate of the University of California dental college.

75 Acres of Barley Destroyed By Fire

WOODLAND, June 28.—Fire is again taking its toll of grain this year, the latest being on the 75-acre barbed wire ranch at Winters, where 75 acres of the best barley in the county was burned over in less than fifteen minutes. The fire started from a cigarette. The fire started from a cigarette. The fire started from a cigarette.

Ceres To Celebrate Fourth By Parade

CERES, June 28.—The Fourth of July will be celebrated here in a fitting manner, the Young Men's club having completed the program. The forenoon will be devoted to athletic events. Then there will be an old-fashioned parade, much to the delight of 25 years ago. A baseball game and other features will round out the afternoon, and fireworks and a dance are announced for the evening.

Merced Girls Will Camp in Mountains

MERCED, June 28.—Another Camp Fire unit has been organized here among the younger high school girls, who are now raising funds for their outing in the mountains. The officers are: Joan Coad, president; Gladys Leavary, secretary; Marie Thibault, treasurer. Miss Spencer will show members of the camp, but Mrs. Walter Coad will substitute for her during her absence in her absence from the city.

Robber's Story Used Against Pal's Wife

Edward Collins, confessed accomplice of Leo Brennan, convicted of the robbery of the home of J. F. Carlston, president of the Central National bank, testified today in the trial of Brennan's wife, Mrs. Helen Brennan, on a charge of perjury, that Brennan was with him at the Carlston home on the night of the robbery.

Mrs. Brennan had testified that her husband had returned home about midnight and told her he had been attending prize fights in San Francisco.

Following Collins' testimony today the testimony given by Mrs. Brennan during her husband's trial was read to the jury by Spencer Riley, court reporter.

Testimony of Japanese servants who were in the Carlston home at the time of the robbery and who were asked to give evidence as to what was introduced this afternoon.

"What they told me about Tanlac seemed almost too good to be true; but since taking the medicine I know for myself that all they said about it is true," said J. E. Brennan, 1031 East 46th St., Tacoma, Washington, well known photographer.

"For fully ten years I suffered with rheumatism, my shoulders, and at one time it was so bad I had to be taken to the hospital. I was down in bed for months, hardly able to turn from one side to the other, and almost as helpless as a baby. My shoulders hurt me until it seemed that I just could not stand it. I couldn't sleep day or night and I didn't get a day's rest of pain during all these years. My appetite finally failed me, and my stomach was so bad I couldn't digest anything properly. I bloated all up with gas until it seemed that I would burst, and had heart burn for hours after every meal. My head ached fit to split open, and my back hurt so bad I could hardly stoop over."

KENTUCKY GIRL WRITES LETTER

How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

KENTUCKY GIRL WRITES LETTER

Sunnyside, Ky.—"I suffered for more than two years with my back and shoulders, and was not able to help my mother do the housework. I took treatment from two doctors and they did not do me any good. I then read of a new Lydia E. Pinkham's Vegetable Compound advertised in the paper and I took about ten bottles. It has done me a great deal of good. I weigh 128 pounds and am in good health. I will gladly recommend Vegetable Compound to anyone who suffers with the troubles which I had, and you are welcome to publish my testimonial."

Soft Drink License Denied Albany Man

ALBANY, June 28.—Refusal of a license to one soft drink parlor and the issuance of permits to a dozen more marked last night's meeting of the board of trustees, when all soft drink establishments, pool rooms and places of amusement came under the jurisdiction of the city fathers.

A license to conduct a soft drink place was denied to Henry Miller on the ground that Miller was recently convicted of selling illicit liquor at his place of business on San Pablo avenue near the county line.

Under the terms of the recently enacted ordinance, placing the 'id' on Albany, licenses for soft drink establishments can be revoked at the will of the board of trustees. The new law is aimed at bootlegging and violation of the soft drink permits will result not only in the closing of the place of business but prosecution under the prohibition laws.

Most of the world's carpets are made in England and America.

Petitions To Ask For High School

LIVINGSTON, June 28.—Petitions asking that an election be called for the establishment of a union high school district here, will be circulated shortly, the district high school committee having decided on that move. Circulators will be named tomorrow. The proposed district includes the grammar school districts of Cressy, Livingston, Arcan, Fruitland, Delhi, Jordan and Whitmer. The committee hopes to start the school next fall, when the regular grammar school term opens.

Phone Suggested For Richmond Fire Hall

RICHMOND, June 28.—The request into the death of 3-year-old Donald Delaney, who met death Sunday afternoon when a fire destroyed the Delaney home at Twenty-second street and Bissell avenue, was held last night by Coroner Charles F. Donnelly. Death due to suffocation was the verdict reached. The recommendation was made by the jury that a telephone be installed at local fire headquarters, to be devoted exclusively to the receiving of fire calls.

Funeral services for the child were held at 2 o'clock this afternoon at the Wilson & Donnelly mortuary parlors. Rev. Paul Little officiated. Interment was made in Sunset View cemetery.

The youngster wandered into the house, which was deserted, when his mother went to a nearby store. How the fire started is unknown.

Many of the textiles found in the pre-historic graves of Peru are remarkable for their beautiful and permanent colors.

Hairs Will Vanish After This Treatment

(Toilet Helps)

You can keep your arms, neck or face free from hair or fuzz by the occasional use of plain deodorant and in using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered deodorant with water. Then spread on the hairs and after 5 or 3 minutes rub off. Wash the skin and all traces of hair have vanished. Be careful, however, to get real deodorant—Adver-

STATE DENTISTS CONSIDER HYGIENE TECHNICAL WORK

Two Hundred Delegates Take Part in Association's Convention.

SAN FRANCISCO, June 28.—The fifty-second annual convention of the California State Dental Association got down to routine business today and more than 200 delegates registered for participation in the week's discussion and programs, which will be held at the Fairmont hotel.

Dr. Guy S. Milberry will be the principal speaker tonight. He will lead in the discussion on dental hygiene and will present the report of the educational committee. A report of the dental hygiene committee will be made by Dr. E. W. McCowen.

TAKE UP TECHNICAL WORK.

The afternoon was given over to technical work, the convention body being divided into four sections. Among those who participated in the several programs were: Dr. Edward J. Howard, Dr. Max Wassman Jr., Dr. S. C. Kingsbury, Dr. D. Q. Jackson, Dr. H. B. Dempsey, Dr. D. J. Dorr, Dr. C. W. Craig, Dr. H. B. Berryman, Dr. Frank Hart, Dr. Fred Burlingame, Dr. F. V. Simonson, Dr. W. R. Hughes, Dr. C. W. Johnson, Dr. Charles Zappalini, Dr. A. E. Bernstein, Dr. J. W. Roush, Dr. L. D. Cuenin, Dr. E. K. Peters, Dr. James Allen Graham, Dr. George N. Van Orden, Dr. P. H. McKerrill and Dr. B. O. Whitney.

Commercial and scientific exhibits were displayed this morning by F. V. Simonson, Dr. John A. Marshall, Dental Hygienists' Association of California, California State Dental Laboratories association, Lieutenant-Commander J. L. Brown, U. S. N., and Major C. Patterson of the United States public health service.

FOR BUSINESS SESSION.

A business session is scheduled for tomorrow morning, following addressing addresses by Dr. Edward J. Howard, Dr. M. Evangelina Jordan. The science of the profession will claim attention in the afternoon.

Dr. John Duncan Miliken, Dr. H. C. Veatch and Dr. Jean A. Richert were acclaimed the champions of the trap shooting contest yesterday. The preliminary day was given over to sport on the Lakeside golf links. A luncheon at noon assembled the delegates for the first time.

Sacramento Theater Brings Over \$90,000

Goldard's Theater in Sacramento has been purchased by the J. D. Junior Circuit, according to word that reached here today. The purchase price has not been named as yet, but it is indicated that it will exceed \$90,000.

Warships Arrive in Harbor of Santa Cruz

SANTA CRUZ, June 28.—The battleships Idaho and Mississippi, with six destroyers, arrived here late today from Santa Barbara.

Water Pumped Out of Flooded Mine

JACKSON, June 28.—After pumping out water since September 11, 1920, the Kennedy mine is again dewatered, with the exception of 50 feet at the bottom of the shaft, which will be left there for a time. The shaft has been found to be in bad shape in places, and repair work will start at once. By August the company hopes to be operating again. The mine was flooded last year to extinguish a fire which broke out in the Argonaut and threatened Canadian soldier, was sentenced to both deep properties. The Argonaut finished dewatering in April and is now operating with a full crew.

Conflicts Waged in Socialist Meeting

DETROIT, June 28.—Bitter conflicts were being waged between radicals and conservatives in the American Socialist party, whose convention is being held here today, and the conservatives are winning out. Today the convention went into executive session to receive and consider a communication from the executive committee and to pass on plans for holding Socialist congressmen from voting for military or naval appropriations.

Arizona Slayer to Hang

PRESCOTT, Ariz., June 28.—Nichan Martin, convicted of the murder of Arthur de Sieunder, a former Canadian soldier, was sentenced to hang on September 9.

Spanish Club To Hear Address By Banker

El Centro Espanol, which meets at the Alhambra, announced the postponement for one week of the lecture by Carlos F. de Berna of the Anglo-California Trust Co. of San Francisco. On Tuesday evening, July 5, the subject, "Why North Americans Should Learn the Spanish Language—Correctly" will be presented by de Berna, who has traveled extensively in Central and South America.

Victim Loses \$50 To Morning Bandits

George Garayevich, 1301 Campbell street, was held up and robbed of \$50 early this morning by three masked, colored men at Tenth and Campbell, according to his report to the police. As he neared Campbell street, walking on Tenth, Garayevich told Police Inspector Joe. Earlight and Eddie O'Donnell, three masked and armed men stepped from behind a fence and commanded him to hold up his hands. While two of the bandits covered him with revolvers, the third searched him, he said. After giving the customary warning against making any outcry, the three men turned and fled down the street. Garayevich immediately made his way to the Central Police station, where he reported the holdup to the police. Inspectors Earlight and O'Donnell searched the neighborhood, but could find no trace of the bandits.

POLICE OBTAIN DESCRIPTION OF ARMED BANDITS

Men Who Robbed Ice Cream Company Cashier Believed Former Employees.

On the theory that the two men were former employees of the company, police detectives today continued the search for the armed bandits who yesterday held up and robbed Miss Ely, cashier for the National Ice Cream Company, of \$2000 at Third and Cypress streets shortly after 11 o'clock. Police Inspectors William Widenman, George Burbank and Eddie Wallman have been assigned to the case by Captain James T. Drew.

According to the inspectors, it is plain that the bandits were familiar with the company's banking methods. They know at what time Miss Ely usually left the plant for the bank, they said, as shown in their actions in waiting a short distance from the plant for Miss Ely's departure.

SAW THE HOLDUP
In investigating the holdup today, police learned that William Moeria, a grocer of 1537 Third street, saw the robbery. Moeria told the police today that he witnessed the holdup and jumped in his machine and followed them at a high rate of speed from Cypress street to Seventh and Magnolia. He said they were going at about 50 miles an hour.

Had the police seen Moeria yesterday, they declared, instead of James Flynn, a former policeman, who said the robbers went towards Emeryville, their capture might have been the result. However, detectives secured a good description of the men from the grocer, and a lead which they believe may culminate in their apprehension.

BANDITS' CAR FOUND
Late yesterday the police found the car used by the two bandits at Sixth and Clay streets, where it had been abandoned. It was stolen, they asserted, from Harry Norman in San Francisco Sunday night. In the machine was found a plain white handkerchief, in which were tied twenty-one revolver cartridges. It is the belief of the police that the bandits abandoned the car and then fled the city.

Officials of the ice cream company stated today that the bag stolen from Miss Ely contained \$2500 in revenue stamps, \$250 in cash, and \$250 in checks. The company is covered in its loss by insurance. Miss Ely lives at 5537 Marshall street, Oakland, and has been in the employ of the ice cream company for two years.

Bodies of Drowning Victims Not Found

PLACERVILLE, June 23.—Efforts to locate the bodies of Delong Wilkie, all of San Francisco, who lost their lives in Fallen Leaf lake June 12, have been futile, Coroner J. S. Egan announced yesterday. Men from a life-guard crew from San Francisco dragged the lake. An aviator from Mather field who last week reported he had located the bodies was on flight over the lake pointed out the location, but only a mass of weeds was brought to the surface. David Wilkie of San Francisco, brother of one of the victims, aided in the search.

New Home Planned For Woman's Club

MODESTO, June 23.—The board of trustees of the Woman's Improvement club has approved the purchase of the old Hart property for its future home. The plan is to sell the two lots now owned by the club, and place the proceeds in the purchase of the Hart place and thoroughly remodel the residence for meeting purposes. It will also be rented for other meetings, thus bringing in an income. The cost will be \$2500.

\$100 a Ton Offered Lodi Grape Growers

LODI, June 23.—With buyers in the field freely offering \$100 a ton, local wine grape growers are facing another season of bumper crops and prosperity. Since the vines will yield from 8 to 12 tons to the acre, the reason for their prosperity is apparent. In the old days before prohibition they considered themselves in luck when \$15 a ton was offered. The wine grape yield will be large, despite early frosts.

INFANTILE PARALYSIS.

LODI, June 23.—A case of infantile paralysis has developed here. Dr. S. W. Hopkins, president of the city board of health, has written to the State Board of Health, which he believes they should be placed in quarantine.

Turkey-Hungry Coyote Fights Man With Hoe

SAN ANDREAS, June 23.—The man with the hoe and a huge coyote with a mean disposition and a keen appetite for fat turkeys engaged in a running battle at Glenwood.

Lester Howard, while hoeing potatoes, heard a commotion, looked up and saw a coyote chasing his flock of turkeys nearby. Realizing that if he went to the house for a gun that the brute would kill several of his flock, he let out a war cry and charged, waving his agricultural implement.

To his astonishment, the coyote, instead of turning tail and fleeing, stopped, snarled and barked at him. Howard whined away and the beast sprang to one side, snarling wickedly. This kept up for some time. Finally the beast turned and trotted off into the woods.

GARBAGE PLANS ARE DISCLOSED IN ORDINANCE

RICHMOND, June 23.—An ordinance regulating the collection and disposal of all garbage in the city of Richmond passed first reading at the meeting of the city council last night. The ordinance provides that the city intend to enter into a contract with the Richmond Scavenger Company, granting that company a ten years exclusive franchise for the collection and disposal of garbage.

The contract as proposed to the council carries a provision that should the city at any time determine that garbage should be disposed of in any manner other than by dumping it, the contract may be suspended on thirty days' notice, with the understanding that the city council will use its offices to see that the garbage men obtain a fair price for their equipment.

The ordinance defines garbage and rubbish, and requires that it shall be kept in a water tight container, conveniently located. It is required that the container shall be not less than ten gallon nor more than 60 gallon capacity. The disposal of garbage by householders by burning or burying is prohibited.

EXCEPTION MADE

It is provided that the collection and disposal of garbage shall be taken care of by persons authorized to do so through contract with the city. The ordinance exempts from the foregoing provisions and it is provided that persons removing swill shall use water-tight containers and vehicles which do not permit the swill to spill on the streets. Persons removing swill must obtain a permit from the city council, and their equipment shall pass inspection by the city health commissioner.

Landing of Drake To Be Celebrated

Plans are being made by the Sir Francis Drake Association to hold its eighth annual meeting at Drake Bay, Marin county, on Tuesday, July 12, at 2 o'clock. The meeting will be in commemoration of the three hundred and forty-second anniversary of the landing of Drake on the coast of California. Among the speakers of the day, it is announced by members of the organization, will be H. B. Livingston, the British Consul General; Bishop William Ford Nichols and Professor H. E. Bolton, head of the history department of the University of California.

The ship is famed. Autos will take the road from Livermore to the Point Reyes lighthouse. Guests are requested to bring basket lunches.

DEATH CLAIMING FAMILY.

WHEELING, W. Va., June 23.—Several children of the Rev. and Mrs. Charles Hilton of Abingdon have met violent deaths within the past fifteen years. The latest death occurred when John Hilton, aged 15, was drowned in the Ohio river today.

STENOGRAPHER RESIGNS

Miss Elsie L. Sternberg, law stenographer in the office of City Attorney H. H. Hagan, today tendered her resignation, effective June 30. Hagan sent her a letter of appreciation, saying, "Your work has been of the highest quality, and the office will be greatly handicapped by your leaving it."

BREMERTON JAIL IS STORMED BY NAVAL SAILORS

Attempt To Secure Prisoners' Release Fails; Police Chief Accused.

SEATTLE, June 23.—Following the arrest of Martin Foley, a retired sailor, at Bremerton late last night, more than 250 sailors from the navy yard stormed the city jail and demanded the prisoner's release. Police officers of the city barricaded themselves on the inside and with drawn revolvers held off the mob until the naval patrol arrived and dispersed the crowd, most of whom were in uniform.

Foley was arrested earlier in the evening on a charge of being disorderly. He appealed to the crowd of men in uniform, who were on the street, and they rushed the police and took Foley from him. The officer later returned with help and Foley was taken, handcuffed and led to jail.

Following the riot, Frank Reynolds, chief of police, was arrested on a warrant from Prosecuting Attorney R. E. Greenwood and the city council immediately voted him a 60-day leave of absence with full pay and gave him a vote of confidence. The vacation is that he may prepare his case without hindrance. Reynolds is charged with the prosecution of the rioters who from bootleggers who have been unmercifully hounded since Reynolds took office, and from sailors who have found their booze supply cut off. The specific charge against Reynolds is that he accepted bribe money from hotel employees.

Sends Greetings From French City

HAYWARD, June 23.—"Business conditions appear outwardly to be normal, but statistics presented by the American Chamber of Commerce here show this to be a wrong impression and that many industries are operating with less than half their regular pre-war payroll," writes J. Chamber of Commerce of Paris. Armstrong's letter was addressed to the acting secretary of the local organization, J. E. Welsh, and contained besides his comments on the industrial life of France, his best wishes to the men of the chamber and the Farm Products Show, who are "putting over the coming event in August. Armstrong expects to return in time to participate in the show."

Changing his plea of "not guilty" to "guilty," Manuel Gonsalves of Main street, charged with having sold milk for human consumption in violation of the requirements of the State pasteurization law, was fined \$25 in Judge Frank Mitchell's court here yesterday.

C. A. Willis of the California Conserving Company was fined \$5 for speeding by Judge Frank Mitchell yesterday. He pleaded guilty, stating that he was on his way to tickets to help the picnic queen candidate for the Farm Products Show. It has been said that the picnic works were "bear cats" for publicity.

An important meeting of the Alameda county committee is planned for tomorrow evening at the Auto Grill. Arrangements for sending delegates to the National convention to be held in Kansas City in August will be discussed. Plans for the State convention in the Yosemite and the organization of the gathering, according to N. W. Centerville, post commander of the Hayward body.

Trustees of Ceres School Quit Places

CERES, June 23.—As the aftermath of the turbulent mass meeting recently held, following the dismissal of Professor A. Grimm, principal of the grammar school, all but one of the school trustees have given up their resignations in the hands of County Superintendent of Schools A. G. Elmore. Mr. R. Marco is the only member who has not resigned. George F. Wood, J. A. Vanden E. E. Duncan and F. A. Roberts have quit. Elmore has not yet filled the vacancies. Citizens took exception to the dismissal of the school trustees, and a meeting developed into a heated controversy, ending with the trustees declaring they would resign.

Widow of Rancher At Woodland Dies

WOODLAND, June 23.—Mrs. Louisa M. Hunt, 57 years old, never recovered from the shock incident to the sudden death of her husband, Gustav Hunt, rancher, near Woodland. She passed away yesterday. She was a native of the Sacramento valley, having been born in Meridian, Idaho, but living most of her life in Yolo county. Three children, five brothers and sisters and twelve grandchildren survive. The interment will be in Woodland cemetery.

Youth Accidentally Shot Is Improving

MARTINEZ, June 23.—Continued improvement in the condition of Walter Helde, Walnut Creek youth, who was accidentally shot last Thursday, bolstered hopes today that the youth would survive his wound. His condition this afternoon was reported as improved, and it was considered he has a good chance of recovery. The boy was shot when a rifle being carried by a companion was accidentally discharged.

Bi-County Union Favored By W.C.T.U.

MERCED, June 23.—A bi-county union between Merced and Stanislaus was discussed and received with favor at the meeting of the county W. C. T. U. Livermore local was well represented. A basket luncheon was enjoyed at noon. Mrs. M. H. Elmore in the afternoon brought greetings from Stanislaus county as president of its W. C. T. U.

Last Highway Unit Reported Finished

MERCED, June 23.—The last and most important of the Chow-chilla highway units have just been completed and will be open for travel about July 20, announces the county surveyor's office. Autoists will hail the completion of this job with pleasure.

CHAMPION WOMAN RIDER READY FOR LIVERMORE RODEO

Vera McGinnis Arrives Here; Texas Walker Also on Hand; Top Hands On Way.

LIVERMORE, June 23.—Vera McGinnis, champion of all the women champions when it comes to trick riding, steamed into town yesterday, 16 hours from Los Angeles, just in time to find Texas Walker asleep at the wheel of his roadster after a six-hour dash by night from San Luis Obispo. It goes without saying that it was gasoline and not horseflesh they were riding.

Following Miss McGinnis will come Happy Jack Haw's string of horses, which she is to ride in the Rodeo, beginning Saturday. The lawn outfit was shipped yesterday and is due in tomorrow.

With the arrival of Miss McGinnis and Walker two of the most famous folks in the round-up game are on the lot. Tex Walker is known the country over as a square-shooting judge and when the word goes out that he is to be in the saddle top hands hit the trail and follow his show.

TOP HANDS COMING.

"And the top hands are coming," Miss McGinnis informed Manager Joseph Aureoche. "The Livermore Rodeo will have more of the big timers in the business than any show that has been pulled off during the last year. I met a dozen of the boys in the south and they all said they were headed this way, whether they had contracts or not. It looks like a big show and a square shake to them, and they are going to horn in for the money whether they were invited to or not. I look to see one of the most representative outfits ever."

Walker brought the same report. He has just completed a tour of the coast, from Calgary and Vancouver to San Diego, and found the cowboys enthusiastic over the prospects and on their way to the lot.

BUCKAROO MONEY COMING.

Incidentally, says Walker, the word has gone out that Livermore has two unrivaled horses in Skyrrocket and Billy Ragan, and there is a lot of buckaroo money coming this way, so that it can be done. No one has ever made it stick with either one of them and many have tried. They are easily the class of the bucking horse stock on the coast, even in such company as Jumping Josephine, Weasel, Reverend Slaughter, Dynamite, Wangal, Orange Outang and Steamboat, all of which are already on the lot working up their tempers.

Captain Reed To Be Mare Island Manager

VALLEJO, June 23.—Mare Island's new manager will be Captain Milton Reed. The officer will take over his duties on Friday of this week. Captain Reed has been on duty here for the past two years.

The term "labor checkers" is to be used at the navy yard so as to keep some of the drawing women at work in the accounting office. The salary money will be taken from the laborers' fund.

The big dance platform in the 400 block in Georgia street was dedicated last evening by the Fourth of July celebration committee.

Miss Thelma Davis of Oakland and O. W. Parker of Vallejo were married by Rev. S. C. Wilson of the Industrial Y. M. C. A. on Sunday. The newlyweds will make their home here.

The Mare Island officers say that the destroyers Trevor and Wasmuth will be ready to join the fleet in the fall of the year. Both boats were built here.

The Talbot and Burns are at the navy yard. Both destroyers will take on stores and undergo some minor repairs.

So far four of the boilers of the battleship California have been tested and found to be in first-class working order, according to the navy yard authorities.

College Girl Is Wed At Plymouth Church

HAYDEN, June 23.—Helen Evans Van Housen will take her bride on the coast. Her wedding at the University of California, to San Benito county to establish a future home. The young couple are now honeymooning following their wedding of Saturday night in Plymouth Congregational church. More than 150 guests witnessed the ceremony, which was read by Rev. Charles E. Kloss. The bride attended included Mrs. Vernon Perry, matron of honor; Miss Alice George, maid of honor; Miss Melba de Witt, Miss Roberta Sheridan, Miss Corinne Buchanan, Miss Elsie Hagan, bridesmaids; Edward Cushman, best man; Wallace Colley, Ashton Laidlaw, George Colley, Ashton Cushman, Walter Hoey, ushers.

Mrs. Van Housen is the daughter of Mr. and Mrs. George S. Rand. While in college she was identified with the Alpha Xi Delta sorority.

Revelers Entertained By Club Officers

PLASANTON, June 23.—The recently-elected officers of The Revelers entertained 24 members at the club last night. The members were seated at two large tables which had been arranged with red geraniums, ferns and glass candlesticks with red shades and candles. A five-course dinner was served, followed by speeches. H. and S. Hansen, E. W. Schwen, J. W. Williams, C. D. Keeler and H. Koopman. After the dinner dancing continued until midnight. The evening brought the members together to talk over problems concerning the club and to bring about a better spirit of co-operation during the coming term.

FARRINGTON LECTURE

"The Truth in Mary Rose" will be the subject of a lecture by Franklin F. Farrington Friday night at 8 o'clock at the Hotel Oakland. He will also deliver a lecture that afternoon at 2 o'clock.

Meet Katie Taylor---Listen, Folks, Don't Crowd

When Katie Taylor smiles, the whole Livermore Valley jumps sideways and when she rides a horse they sit right up and take notice. She's cousin to the Moys which is a way of saying that she comes of a horse-riding stock, and she will be a feature of this year's big rodeo down at the valley town.

GET 'EM, ANYWAY, AND FISHERMAN DIVES FOR TROUT

SONOMA, June 23.—When you can't haul 'em out with your rod, go in after 'em. That is the latest way to catch trout.

Henry Leonard, a valley camper, says so, and he ought to know, after his law. Besides it's wolly within the law.

Henry Leonard is camped up on the Stanislaus, says he hooked a big one—a regular whale of a trout. It took his line out like a shot and then he hooked it up in a snare. It brought up short in the pool and the line held. Henry could see the fish, but couldn't reach it.

Happy thought! Go in after it. He stripped and did so, knife in one hand, five fingers in the other. Then jumped in. He got a grip on the line with his five strong digits, cut it loose and came up with his trout. He says it weighed over 50 pounds.

Page Isaac Walton.

Simpson Estate Is Valued At \$700,000

STOCKTON, June 23.—A. W. Simpson, son of the late pioneer, Andrew W. Simpson, lumberman and large property owner, yesterday was appraised for probate of the will, which names him as executor without bond. The estate is valued at about \$700,000. Much of it was disposed of before Simpson passed away. A grandson, Andrew W. Simpson of San Francisco, is left \$50,000 for the terms of the will.

The Talbot and Burns are at the navy yard. Both destroyers will take on stores and undergo some minor repairs.

REAL 'SUDS' IS FOUND IN SOFT DRINK PALACE

SAN FRANCISCO, June 23.—When prohibition officers descended on the soft drink store of Fred Brownell, 2738 Twenty-fourth street, they found persons coming out with buckets and carrying away real 7 per cent beer.

They also confiscated 321 pins, 35 quarts and a gallon can of jackass brandy. Brownell was held in \$500 bail and will have his hearing on Friday.

WOMAN AND SON HELD AS POLICE RAID TWO STILL

SAN FRANCISCO, June 23.—Mrs. Christine Everson and her son, Edward, of 421 Minna street, were arrested by prohibition officers and policemen today. Two stills were in operation in the place. The officers confiscated 225 gallons of mash and 25 gallons of brandy. Just as the police entered a man approached them and

Power Necessary To State Growth, Claim
SAN FRANCISCO, June 23.—That during the next ten years more than 500,000 new homes will be built in California to take care of the increase in population, and that to supply these and meet the increased demand of the regular consumers, the power plants must have the con-

science of both the public and railroad commission, was the belief expressed by Miss Clotilde Grunsky at a ladies' day luncheon given by the San Francisco Electrical Development league to a group of prominent women. Miss Grunsky was the principal speaker. Mrs. Clyde Chamberlain presided as chairman. Electrical power was declared by Miss Grunsky to be the primary factor in the development of the West. She outlined how in the com-

ing ten years the companies must double their output. California, according to the speaker, was the only state where there had been an increase in irrigated farms, most of which are being supplied with water by electrical power.

"We use twice as much electrical power as the people of the East and pay 10 per cent less," she said. "The model bay bridge illuminated with electric lights was shown at the luncheon."

Martial Law Continues In Coal Mine Region
CHARLOTTE, W. Va., June 23.—Governor E. F. Morgan by proclamation here today reaffirmed his declaration of martial law in Mingo county and commanded the assessor to notify all persons liable under the law for military duty. He also ordered the sheriff to draft 120 men, or to accept 120 volunteers, who are

to be mustered into the service of the state for sixty days. The Governor Morgan's proclamation recited that a "state of war," insurrection and riot still exists in Mingo county.

When polishing furniture with a weak solution of ammonia and warm water. This will remove all grease and finger marks.

Mowing Machine Hit By Auto, Man Hurt
WOODLAND, June 23.—W. S. Four-nor, brother of Mrs. D. N. Hersey, one of the largest land owners in the Sacramento valley, lies in a critical condition at a local hospital as the result of an accident Sunday when an automobile crashed into a mowing machine which Four-nor was moving from one part of his ranch to another. He was thrown from his seat in the collision, suffering among other injuries a bad fracture of the hipbone. Four-nor was known just how the accident happened. No one knows the identity of the auto party which struck him.

SEASONABLE BEAUTY AID

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, whole-some feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthox, which you can get from any good druggist's, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.—Advertisement.

WIFE IS HELD FOR
MURDER OF MATE
AT BALBOA BEACH

Oil Worker Shot to Death in
Tent After Pursuit By
Divorced Spouse.

SANTA ANA, Cal., June 28.—Mrs. Mary Campbell of Balboa Beach is under arrest here today on a charge of murdering her husband, Jesse V. Campbell, an oil worker, following an attempt to live with him after she obtained an interlocutory decree of divorce.

Campbell was killed in a tent at the beach after a sensational chase from their home by his wife, in which she fired several shots wildly and pursued him into the tent of a neighbor, where the fatal shot was fired, according to police authorities.

Mrs. Campbell told the police she was unable to bear the company her husband maintained.

Rainbow trout are most brilliantly colored in breeding time.

Watch for Ideal Man;
Tribune to Find Him

Girls, if you had the chance to pick out your Ideal Man, what would he be like?

What would his requirements have to be?

These are some of the things The TRIBUNE is going to find out in its Ideal Man contest to which every woman reader of The TRIBUNE in the Eastbay district is eligible for entrance.

Low Cody, noted moving picture actor, will be the judge and will carefully go over all of the descriptions that are sent in. There are twenty-one fine prizes offered to the winners, but there will also be some compensation for winners and losers alike, for at a later date The TRIBUNE will announce a matinee at the T. & D. theater for all those who enter the contest, and the winners will be announced from the stage.

At that time you will have a chance to see, not on the screen but in real life, Low Cody, idol of thousands of feminine movie fans.

The rules of the Ideal Man contest are simple.

All descriptions must be mailed to the Low Cody Contest Editor,

TRIBUNE and must not exceed 50 words in length.

For the best conception of the Ideal Man, the author will receive a cash prize of \$25.

The next best five will receive a season's pass each to the T. & D. theater.

A six months' pass to the T. & D. will be the reward to the next two best, and three next best will be presented a three months' ticket to the same theater. The next ten will receive a 1 month's pass each.

The announcement of the special matinee when the prize winners will be made known will be announced later in The TRIBUNE.

LOOKED LIKE COMET.

GULER, Wash., June 28.—Guler residents observed what appeared to be a comet between 2 and 3 o'clock yesterday morning. It lighted the horizon completely northeast of Mount Adams and appeared much like a large star, probably twenty-five times the usual size. The phenomenon was plainly visible for one hour.

Retiring Councilman
Given Good Wishes

RICHMOND, June 28.—The City Council last night expressed good will and best wishes to Councilman John G. Gerlach, who retires from office on July 1, to be succeeded by J. H. Plata, local realty dealer and successful candidate at the recent city election.

Mayor James M. Long, Councilman E. J. Gerrard and Councilman W. L. Lane expressed their regret that Gerlach would no longer be a member of the Council, and other members of the Council concurred. At the same time high regard for the incoming member was expressed. Gerlach replied in a brief talk, saying he had enjoyed his six years of association with members of the Council and left with good will toward all.

Conferees Agree On
Peace Resolution

WASHINGTON, June 28.—A compromise draft of the Knox-Porter Resolution to end the state of war with Germany and Austria was agreed upon today by Republican conferees of the Senate and House. The Republicans planned to get the compromise to a vote in the House tomorrow, and in the Senate later in the week, so as to place it in President Harding's hands before the week-end recess.

The compromise resolution, it was said, followed the House plan of declaring the state of war with Germany and Austria at an end, instead of repealing the war declarations, but Senate provisions for protection of American rights for reservations affecting enemy alien property and privileges of the treaties of Versailles and post-war engagements were said to have been retained.

THE U. S. USCO TREAD
Here is the U. S. Uco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Uco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

THE U. S. CHAIN TREAD
One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

THE U. S. NOBBY TREAD
Where the going is specially heavy with snow, mud or sand, a bulky country where maximum traction on the road is a factor, no other tire tread is devised quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—the result of all the years of U. S. Rubber experience with every type of road the world over.

Three different weights—but one quality throughout

Standing by the
Fabric Tire User

LET no one make the mistake of thinking that the fabric tire user doesn't know what is going on in the tire business—

Fabric tire stocks made a catch-all for the miscellaneous and the unknown. "Discounts"—"odd-lots"—"special offers"—"seconds"—"re-treads."

His resentment is none the less deep because he shows it by action instead of by talking about it.

More thousands of fabric tire users are coming to United States Fabric Tires today than ever before in tire history.

The standing of U. S. Fabrics is the result of

an honest, understandable policy—meriting and getting confidence.

The makers of U. S. Tires might get up a special tire to sell cheap. But they won't.

They might sacrifice quality and economy for the sake of capturing a temporary market. But they don't.

They might have laid down one policy for cord tires and another for fabric tires. But there is only one U. S. policy,

As people say
everywhere

United States Tires
are Good Tires

and it sets one standard for every U. S. Tire made. From the 30x3 $\frac{1}{2}$ Fabric Tire up to the largest U. S. Royal Cord.

So today you find thousands of U. S. dealers who carry no other tires but U. S. Advanced tire-merchants standing shoulder to shoulder with the U. S. policy of good faith to shoulder everybody.

They have gotten beyond the short-sightedness of classifying people according to the size of their cars.

Good men to know and trade with.

Treating the public as people to serve—not as a market to sell.

TUESDAY, JUNE 23, 1921.

THE CASE OF MISSOURI.

Missouri's present problems of government cannot go unnoticed by the rest of the country. They are two serious and the demand for improvement is too insistent. The legislative machine has been clogged by the referendum and vital laws are held up. In turn, the executive department is prevented from going ahead with the State's business. Governor Hyde, in his message a few days ago at the opening of the legislature at Jefferson City, spoke pointedly. He said:

"The situation is monstrous—without parallel. Never before has such an assault upon representative government been made. Seventy thousand people have defied the results of an election in which 1,300,000 voters participated. The fact that the referendum would plunge the government into chaos did not stop them. They coolly calculated and then launched the blow, regardless of consequences."

Governor Hyde winds up by recommending the repeal of the referendum and initiative. The act which provoked the governor's strongest disapproval has become known as the job-holders' referendum. It has stopped the application of judicial redistricting, consolidation and department of public welfare laws.

The situation in Missouri is interesting if not monstrous. Formerly the government and politics of the State were under the domination of railroad corporations and other big interests, with which was allied, for political purposes, vicious interests that required leniency in the law and its enforcement in order to exist.

Finally, among other reforms, the initiative and referendum were introduced. The machine was overthrown, apparently, and a new regime in State government introduced. But the machine did not quit fighting. It merely adopted the new instruments for its own purposes. By the use of paid solicitors and the cooperation of the job-holders, it has used the referendum to prevent legislation it does not approve from being made effective. If it could not manipulate the government in such a manner as to secure what it wanted in the form of new powers, it could at least make the functioning of government difficult and prevent the enactment of laws it did not approve.

There are in other States signs of the same dangers Missouri is now facing in an acute stage. But in no other State is the situation quite so distressing, and Governor Hyde is the first State executive to recommend the repeal of the initiative and referendum. But Missouri gives an example of what may happen in any State through the abuse of the referendum.

It is an example of the evil of a law which permits a very small percentage of the registered voters to hold up legislation passed by the legislature in accordance with the sentiment of the majority of all the voters. In Missouri, a referendum signed by 70,000 voters was able to tie-up new projects of government that had been approved in principle by the majority of 1,300,000.

The difficulty in Missouri with both the initiative and referendum is the same as in California and elsewhere—an absurdly small percentage of the voters is adequate to order an election or to hold up legislative acts which the elected representatives of the people propose. In California the prohibition enforcement act is not the only law that has been held up. Owners of large landed estates have prevented the functioning of irrigation district laws and may again by the aid of paid solicitors of signatures kill laws that do not please them. Every general election for the past several years has witnessed the effort of the Single Taxers to force their obsession upon the people of California through initiative petitions. Yet when there was a proposition on the ballot at the last election requiring that initiative measures involving the expenditure of public money should be supported by petitioners equal in number to twenty-five percent of the votes cast at the last preceding election, the people voted it down.

In Alameda county recently paid solicitors secured sufficient signatures to order a series of costly elections, yet at the first election—for freshholders—a smaller number voted than had signed the petitions.

The experience of Missouri should not be taken

as an irrefutable argument against the referendum and initiative. We do not believe that Governor Hyde's recommendation for repeal is wisely conceived. The trouble is in the misuse of these instrumentalities, misuse by interests against which they were designed to afford protection. If these reforms in government are to endure they must be made proof against too easy misuse. One way is to make it more difficult to order initiative and referendum elections by increasing the requisite number of signers and by forbidding commercialized solicitation.

EXPENSES COMING DOWN.

Representative Madden of Illinois, a member of the House Appropriations committee, believes that the federal expenditures for the fiscal year beginning July 1 will fall below three and one-half billion dollars. That would be an appreciable drop from the five billions cost of government for the fiscal year drawing to a close and the six billions of the previous fiscal year.

Mr. Madden estimates the revenues during the coming fiscal year at \$4,000,000,000, which would be made up of \$2,500,000,000 from internal revenue, \$500,000,000 from the new tariff, \$500,000,000 from the Post Office Department, and a similar sum from miscellaneous sources. With the expenses brought down to three and one-half billions, he thinks Congress will be able to repeal excess profits, transportation and luxury taxes and reduce the rate of income taxation. Mr. Madden is an advocate of the strictest economy and lent his efforts toward having the House reject the increases the Senate voted to the army and navy appropriation bills.

Perhaps all the economy which Mr. Madden anticipates will be attained next year will not be possible, but the major part of it already has been ordered. The House objectors succeeded in forcing through their little army and little navy bills and in severely cutting other estimates of the administrative departments. If President Harding's injunction to all the departments not to go beyond their appropriations, not to come back at the next session of Congress and ask for deficiency appropriations, is observed, the governmental costs next year should not greatly exceed Mr. Madden's estimates.

If the Treasury Department will now compel some of our European debtors to make payments on account of interest due on the ten billions of war credits, the federal tax burden will soon be considerably reduced. Then in another year the budget system will be working. Altogether there is some encouragement to the hope of a more rational future.

WATER TIE PARKS.

Oakland parks are suffering for lack of water. Some of the parks are not being watered and it is stated that, due to lack of funds in the park department, no water will be put on them for another thirty days. Should this actually follow, the parks and playgrounds will become parched and unsightly, offering no comfort to those who are accustomed to enjoy the parks. At Mosswood there is a well, but the pumps are not working, because, according to the park board, there is no money to repair them.

Plainly speaking, this is very bad business. The responsibility probably must be divided between the park board and the city council. The parks should be watered. The green places and the fresh grass are needed in summer as in no other season, especially during the school vacation. If the park board must cut down on expenses, it should do it somewhere besides the use of necessary water to keep park grass growing. And if all the cutting possible will not permit the use of necessary water, then the city council should vote a special allowance for water in this emergency.

It is a shameful situation when parks and playgrounds dry up for lack of water, in the season when the people are inclined to make the most beneficial use of them. There is bad management somewhere. It is anticipated that the Park Board will say that the council did not vote it sufficient money and the council in its turn will say that the park board had enough if things were managed differently. This is the way of official bodies when they fall down on their job. But the painful fact remains that the parks need water. And water should be provided at once, as needed.

MR. ROOT FREE TO ACT.

Eltha Root, as one of the four American members of The Hague Arbitration Tribunal, has been invited by the Council of the League of Nations to submit the names of four candidates for judges of the International Court of Justice organized last year largely by the labors of Eltha Root. The fact that the United States is not in the League should offer just as little embarrassment to Mr. Root as to the three other Americans who have been asked to submit nominations—John Bassett Moore, Judge Gray of Delaware, and Oscar Straus. It is not Mr. Root's concern that at Washington there may be some quarters hesitating to acquiesce in a court of justice in the selection of whose judges the League has the final say. When Mr. Root was drawing up the constitution of the new court he knew what conditions were at Washington. The International Court was, indeed, to be the Republican reply to the League of Nations. In every forecast of Mr. Harding's association of nations the international court regularly appears as the nucleus of the substitute organization. For that matter, we doubt if even the bitter-enders will maintain that the integrity of the new court will be vitiated by the mere fact that the Council and the assembly of the hated League in joint session will determine the panel of the new court. And those who abjectly welcome the institution of a court which shall serve them as a fixed point about which to build that association of nations to which they are pledged and about which the world is showing increasing curiosity

—New York Evening Post.

NOTES and COMMENT

According to Chicago advices the tendency is to require more rigid apparel in typists. Dresses must come down lower and waists up higher, and be of more sombre material, and diaphanous effects are to be tabooed. If this becomes general some of the attraction of an extensive calling will be gone. Girls are not so likely to qualify for jobs that require them to dress like "flights."

Something new is a graduating class of the Salvation Army. The first one receiving its diploma Monday night. Members of it had been trained in the diversified work of the "army." But this organization is always doing something new and useful. Its work ramifies so that it is no surprise that trained workers are found to be necessary to more perfect achievement.

How the forces at the shipyards are being demobilized is illustrated in the account that tells that only one member of the quartet is left—a soloist who successfully withstood the symphonies of the steam shovel. It was feared that reorganization would affect some of the vital workers in this great industry, and here it is demonstrated.

The cable announcing a gift from Lord Lee to the British government of a beautiful country home and thirteen hundred acres as a residence for the Prime Minister is a variant from the usual news that comes across. The estate is highly cared for, and perhaps it is unconscious humor—the announcement that the Minister of Agriculture, who is to be the custodian, hopes to utilize the gift in the education of farmers, "and also the Prime Minister."

"Shot grapes" are reported in California vineyards. It is a new affliction which horticultural scientists are trying to understand, but which may claim attention from others on account of its designation. Grapes of any kind work up into something that allays aridity, but there is a sound to "shot" grapes that suggests a more potent product than the ordinary fruit.

It might be considered a delicate attention that Oakland paid Vallejo in sending an invitation by carrier pigeon to join the Defense League. The League was organized to impress upon Congress the necessity for adequate naval defense. That means increased naval preparation, and that brings up the matter of a naval base, upon which the two communities are not in the most perfect accord. The method of delivering the message, carrying the dove-of-peace, may have been somebody's inspiration.

It is evident that Japanese journalists have not become adept in coming news with a trend to comfort the enemy. When they allow it to appear that "the American force in Germany is the finest body of troops in the world" they evidently have no thought of submerging the possibility of what would happen if the "force" had occasion to operate on the other side of the globe, as there has been discussion that it might.

The Denver hen en route on a locomotive, which laid an egg that was accepted as her first, recalls the story about the one which laid an egg in the hat of a celebrated divine, inspiring the whimsical refrain, "And thus did the Hen re-Wald Beecher."

The account of the sailor who was stricken dumb last January, due to an affection of the glands, does not state whether it is contagious. Anyhow it is fairly evident that Admiral Sims did not contract the ailment.

SPIRIT OF THE STATE PRESS

Roger Babson, statistician, says that Colonel Harvey's London speech broke the stock market. What's the matter with trying it on the profiters?—Bakersfield Californian.

There is also a quality of sadness in Spring, especially to those who observe the bright new growth in the mint beds.—Fresno Republican.

The Pons-Winnecke comet, in the ten million mile wide berth it is giving the earth, is setting a fine example to reckless motorists.—Chicago Enterprise.

Cheek-to-cheek dancers are in danger of bumping their heads together, but they may be so soft that the chances are it wouldn't hurt any.—Watsonville Pajaronian.

The price of a hide hardly pays for skinning the carcass, but the manufacturer of shoes doesn't seem to know it.—Woodland Democrat.

That English critic who says Americans lack imagination should hear some of the political candidates telling what their party will do after election.—Marysville Appeal.

It's a positive loss to the state to take as good a man as John S. Chambers and lose him in a bank.—Red Bluff News.

Judge Hall, Secretary Wallace and a lot of other chummy boosters went down to Oakland a few days ago and boarded the lion in his den, as it were, and in fact as it was, and all got back safe. They mingled with the Oakland bunch of boosters and swore each other to each help boost the other's town, and decided that whatever helped one city also helped the other.—Richmond Record-Herald.

Planting trees in memory of departed war heroes should become a custom here in California. California prizes trees, they stand out in relief here; they add to the riches of the State; they enhance its beauty; they promote health and comfort. There is no better memorial than a living tree.—Long Beach Press.

The full name of the contributor, unless accompanied by the name of the writer, will, if desired, be withheld from publication.

PRESERVE THE BEAUTIFUL.

To the Editor of The Tribune:

Earliest possible relief of trans-bay and peninsula traffic problems is imperative. The projected skyline boulevard down the peninsula is one element of relief in prospect, the proposal to electrify the Southern Pacific lines to San Jose is another, and added ferry facilities another.

In any event the bay must be bridged as soon as possible. Ultimately, with the industrial development and growth of the city, bay district and Central California along the lines of the Railroad report to the Chamber of Commerce—a forerunner that will lead to a realization of the Burnham plan in all of its magnificence—several bridges, to say nothing of tunnels, will be necessary requisites of future traffic conditions.

In considering plans for bridges no doubt be employed, but the project carries with it an obligation involving appearance, the artistic fulfillment of which must assure our people that no proposed bridge will result in the disfigurement of our incomparable bay landscape.

Artistic treatment is therefore as desirable as high engineering skill. This phase of the problem need not add to the cost of construction. A given amount of concrete, steel, labor and other elements of cost may, for the same capital expenditure, assume agreeable or disagreeable form; it may result in artistic effect or in more utilitarian effect totally lacking in artistic charm.

Bridge building in ancient times developed into an art in which the highest artistic ideals found expression. These bridges, however, were of masonry construction. The introduction of structural steel in the design of modern bridges presented a new problem, which as yet has not, except in a few instances, found high artistic solution. The introduction of steel in building construction has, in modern skyscrapers, evolved some of the world's most artistic productions. It is therefore not impossible that a steel bridge may be not only practical and economical, but artistic as well.

Equally important would be the beautification of no building shall be within 75 feet thereof. This is highly important in view of the fact that the magnificent avenue of trees developed into an art in which the highest artistic ideals found expression. These bridges, however, were of masonry construction. The introduction of structural steel in the design of modern bridges presented a new problem, which as yet has not, except in a few instances, found high artistic solution. The introduction of steel in building construction has, in modern skyscrapers, evolved some of the world's most artistic productions. It is therefore not impossible that a steel bridge may be not only practical and economical, but artistic as well.

Indeed, all highway work, both state and national, should carry with it restrictions against the destruction of trees and provide space for the planting of trees. Such trees could, according to local conditions, climatic or otherwise, be either shade trees, fruit trees, palm trees, or just trees. There is scarcely a limit to ideals of beauty combined with utility and profit that might not thus be secured.

Just imagine such a parkway through the heart of a congested city. This would naturally follow if such a parkway was laid out before the present highway was built. Such an effect would be comparable only to the Champs Elysees of Paris. In other words, all highways should and could be parkways. Just as all bridges should and could be beautiful. WILLIS FOLK. San Francisco, June 27.

about YOUR HEALTH

What a Bunion Really Is and How It Can Be Remedied

By ROYAL S. COPELAND, M.D.,
 Commissioner of Health, New York City.

Some of the muscles of the body end in strong, fibrous cords called tendons. In several places these tendons pass over bones. In such spots it is necessary to provide some sort of bearing to avoid friction and discomfort. For this purpose a little sac filled with fluid is provided. This permits the tendon to glide over the bony surfaces and allows the tendon to perform its functions with perfect ease. In other places, prominent bony elevations are protected by a similar device. This sac is called a "bursa."

There is no structure or part of the body that is not liable to inflammation. Abuse or injury is certain to be followed by inflammation somewhere. The bursa are no exceptions to the rule. So "bursitis," as it is named, is met occasionally. Bursitis, then, is inflammation of one of these bursae.

Bursitis is invariably due to injury of some sort. It may come from a kick or a blow. Too often it is the result of the long-continued wearing of poorly-fitted shoes. Perhaps some heavy object has fallen on the foot or somebody has stepped on it. Of the prominence over the toe joints may be a factor. In some cases involves the whole or top of the foot. Wherever there is a bursal surface there may be inflammation.

The particular form of bursitis I wish to consider today is inflammation of the bursa at the inner side of the base of the big toe. The chronic form of the inflammation of this part, where the tissues have become thick and hard, is commonly called a "bunion."

The form of the inflammation varies. It may be acute, in which event the part is red, swollen, hot and painful. It hurts to use the foot to step on the foot or to wear a shoe.

In the chronic form the symptoms are less noticeable. The foot gradually enlarges, without great pain, or active inflammatory reaction. In union or any other form of bursitis, the first thing indicated in treatment is removal of the cause. If any part of the foot is inflamed, attend to the shoe at once. More unnecessary misery is due to poorly fitting shoes than to almost any other invention of modern times.

Pressure must be taken off the bursa. This may be accomplished by cutting a hole in the shoe. This hole should be considerably larger than the bunion, and it may be covered by a piece of soft leather to render it inconspicuous.

A "bunion plaster" may be worn. This is a round ring of thick fabric, which is pasted on the foot, surrounding the sore spot. It takes pressure off the bursa.

Strapping with adhesive plaster may distract the pressure in such a way as to relieve the symptoms. Hot water compresses may be applied, or the foot may be immersed in water hot as can be borne, for a period of twenty minutes twice a day. In acute cases this will give considerable relief.

In chronic cases iodine applied locally may be helpful. If ulceration occurs, balsam Peru will sometimes assist healing. Without correcting the cause, however, there is little hope of cure. Every person, from early childhood, should wear the proper shape and size of shoe. This practice will make bursitis and bunions unknown diseases.

DANCE OPENS BEAUTY ROAD, SAYS EXPERT

BERKELEY, June 28.—"Beauty is not in rouge pots, lip sticks and powder puffs. It's in graceful exercise. That's why the women of old Greece were so graceful and beautiful," says Miss Genevieve Kelso.

who is to give a course in dancing at the University of California. About 250 young women are enrolled. Bare-legged and clad in loose silk frocks, corsages thrown to the dressing rooms and legs and arms unhampered by clothes, they go through the exercises each morning. Their frocks are of bright hues and add to the effect. Gaily colored scarves are hung about them as they dance. "The Grecian women had wonderful physiques," says Miss Kelso. "There is no reason why the American woman cannot have the same if she will only exercise for it."

Ferry Time Changes Opposed By Alameda

ALAMEDA, June 28.—Because young people from this city who attend social functions and the theaters in San Francisco might be compelled to remain all night in San Francisco, "greatly to their discomfort and embarrassment and the embarrassment of their families and friends," if the Southern Pacific lines are permitted to abandon the 1:15 a. m. ferry from San Francisco to Alameda, as is proposed, the city of Alameda will oppose such abandonment by the Southern Pacific lines. City Attorney W. J. Locke today is drawing a complaint to be filed with the State Railroad Commission, in which he will make this point as a reason why the service should not be discontinued. Locke, furthermore, will plead that great many Alamedans who work in San Francisco will be compelled to either quit their employment there or remove to San Francisco if the 5:45 a. m. train from Alameda to San Francisco are abandoned, as the Southern Pacific is planning to do.

HAVE YOUR HOUSE PAINTED NOW

To the property owners of Alameda County who desire to have work done at the present time, but are undecided on account of building lockout: The members of Painters, Decorators and Paperhangers Local Union 127 of Alameda County, can now furnish men and equipment to do All Classes of Painting, Decorating, Paperhanging, Tinting and Glass Work. Wages \$3.35 per day. Deal with us direct. For prompt responses and citizens of Alameda Co. instead of imported non-residents and non-union men. Work done by day or contract; estimates furnished. Call at 1030 Franklin St., Cor. 11th or Telephone Lakeside 6840.

She Is Dancing in College Glades HELEN ENGELS, solo dancer, in the terpsichorean class conducted by Miss Genevieve Kelso at the University of California.

Girls from all parts of the state make up Miss Kelso's classes. Included in the number are the Misses Frances Hatch, Elizabeth May, Marian Shannon, Marjorie West, Artie Gibson, Fay Armstrong, Helen Engels.

Funeral of Alameda Woman Held Today

ALAMEDA, June 28.—The funeral of Mrs. Emily Wendland, who died Sunday, was held at 2:30 o'clock this afternoon following services at the First Christian church. Interment was private. Mrs. Wendland, whose death was quite unexpected, was prominent in war work in Alameda, despite the fact that she was a native of Germany. At the time of her death she was the representative of the First Christian church on the board of managers of the California Girls' Training Home and president of the Christian Church Guild. She was a past president of the Lincoln School Parent-Teachers' Association. Mrs. Wendland is survived by her husband, Adolph G. Wendland, and three sons, Grover A., Ralph F. and Lloyd R., and by a brother, George Badenhouer. She was 54 years old.

ALIEN TAX TEST DELAY AGREED ON

No Japanese or other aliens will be arrested under the alien poll tax law until after the period for registration has expired, July 31.

This was announced by District Attorney Ezra W. Decoto and County Clerk George E. Gross, following a conference today between Decoto, Gross, Chief Deputy District Attorney Theodore Wittschen and Albert H. Elliot, attorney for the Japanese Association. It had been proposed that a test case as to the law's constitutionality be made at once by applying to the Appellate or Supreme Court for a writ of habeas corpus after a Japanese had submitted to arrest for refusing to register, as the law provides that any alien who "fails, neglects or refuses to register" is guilty of an offense, but Decoto and Wittschen agreed that such a person cannot be held to have refused to register until the period in which he may do so has expired.

Decoto said: "It is the opinion of this office that since there is nothing in the poll tax law to compel an alien to register at any certain time, except within the period from May 25 to July 31, the Supreme Court undoubtedly would hold it could not be shown the person under arrest had refused to register until the opportunity given him by the law for the period of registration had been exhausted."

"I have advised County Clerk George Gross that this office does not wish to issue a warrant under these circumstances until after July 31, in order that when a test case is made it be a real test, with a decision which is final."

"Any money collected under the act will be returned to the aliens who have registered, in case the decision overturns the law. One of the provisions of the act itself is that if any court shall declare it unconstitutional the money so collected shall be returned. In that

Keys to Store Are Stolen; Owner Is Waiting for Theft

ALAMEDA, June 27.—Someone is planning to rob Al Schaefer's fruit store, 1407 Park street, and the police are expecting to gather in the burglar when he puts in an appearance.

Last night Schaefer went into his store to turn on the lights. He left his keys in the door lock. When he came out he could not lock the door because the keys were gone. That's how the police know someone is planning to rob Schaefer's store.

Schaefer spent a restless, sleepless night but a careful inventory this morning showed all the currants, cherries and plums present. The count of the prunes is still going on.

case the money spent in enforcing the law will be a total loss."

Gross said he will proceed with the registration of aliens, but will make no arrests, in accordance with the district attorney's advice at present.

Elliot said he would confer with officials of the Japanese association before announcing any further procedure. He said it made no difference as to his own opinion of the meaning of the law, as the sanction of the district attorney must be had to proceed with a test case.

Elliot declared it had been his desire and that of members of the Japanese association to have the matter tested at once in order to avoid the loss resultant from a decision which might hold the law unconstitutional and the possibility of criticism directed thereafter against officials or the Japanese for failure to act before the expense necessary to enforce the law had been entailed.

Z. Osaki, secretary of the Oakland branch of the Japanese association, who called on Gross, informed the county clerk that all of his people are ready to register as soon as they shall receive legal advice to do so. He said the association has a complete list of all Japanese resident here and that within a day or two it would be known just what action will be taken.

PASTOR RISES FROM SLEEP TO WED PAIR

BERKELEY, June 28.—Awakened at 1 o'clock Sunday morning, Rev. Cedric Price, pastor of the University Christian church, found the front steps of his home, 1817 Virginia street, occupied by a dozen or more people.

"We want to get married," spoke up two young people, "and we've brought all of our guests."

The sleepy-eyed pastor ushered the party in. The principals were Blanche Hazel Williams, 17, and Norman Hodgkin, 19, both of Sacramento.

"We had to have our parents' consent because we were under age and we had to send to Sacramento for them," said the groom.

Young Hodgkin and his bride will make their home in Sacramento.

NEW REPUBLICAN HOUSE MEMBERS ASK FOR ACTION

Ansorge Says Session Has Not
Accomplished Objects For
Which It Was Called.

BY ASSOCIATED PRESS
LEASD WIRE T. TRIBUNE.
WASHINGTON, June 28.—Representative Ansorge of New York issued a statement today asserting that the new Republican members of the House were dissatisfied with the progress made by Congress at the present special session, and disclosing that he and ten others had joined in a call for a conference tomorrow night of approximately 100 new Republican members to discuss the situation.

"We are not meeting in any spirit of revolt," said Ansorge, adding that the new members wanted "to

WORLD READY TO DON SACK CLOTH, SAYS EDUCATOR

BERKELEY, June 28.—A "season of sackcloth and ashes" is due for the world, says Professor L. J. Paetow, expert on medieval history, who is a member of the summer session faculty at the university.

"It would not be surprising," said the professor to classes yesterday, "if the world should at any moment turn from its life of pleasure to sackcloth and ashes. Reaction has always come after too much worldliness and after the soul has been starved it will turn to spiritual life."

Such a reaction occurred, says Dr. Paetow, during the middle ages with the Crusaders coming as a result

cut some of the red tape and substitute action for delay."

Ansorge said none of the objects for which Congress was called into special session has been accomplished. "Nor is there definite promise as to when they will be," he added. "There are upwards of 100 first-term Republicans in the House, and they all feel as I do, that we have not been permitted to make our influence felt."

OBJECTS NOT ACCOMPLISHED.
"Congress was called into special session for certain definite purposes, namely, for revision of the currency, for tariff and protective system, for a protective tariff, and the passage of a peace resolution. None of these objects has as yet been accomplished."

"Nearly three months have passed since the calling of the special session, and we want to see action, spelled with a capital C. We believe with the Republican party, that what is best for the country is best for the party, and we want to impress that thought on some of the older members. Many of them have been here so long they seem to have forgotten it."

NO SPIRIT OF REVOLT.
"We are not meeting in any spirit of revolt. We have come more recently from the people, and our mission should have some weight. Congress is all tied up with red tape. We want to cut some of that red tape and substitute action for delay. The majority rule can go to the devil. We feel that our district have as much right to representation as has Uncle Joe Cannon's."

"This is not a new thought. I have talked it over with the new members, and they believe that conferences from time to time will serve a good purpose."

Council Makes New
Rule on Pool Halls

RICHMOND, June 28.—Hereafter persons seeking permits to conduct soft drink and cigar stores, or pool and billiard parlors, in Richmond, must appear in person before the City Council when applying for such permits. It was ruled at the Council meeting last night. The question of granting such permits without investigation on the part of the Council was first raised when B. E. Melberg of El Cerrito asked for a permit to conduct a soft drink establishment and pool hall at 44 Washington avenue. Melberg has bought out the place and wanted the permit at once he said in a communication to the Council. He was not present at the meeting. Mrs. Marie Ogborn argued that Melberg should either appear before the Council in person or wait a week or so while the license committee investigated. Other members of the Council, however, argued that inasmuch as the business was an established one, and it was merely a case of transferring the permit, no investigation was necessary, so the permit was granted over the objection of Mrs. Ogborn.

Mrs. Ogborn insisted that the Council should adopt a rule providing for two weeks' investigation before granting permits. Other members of the Council again disagreed with her, but agreed that applicants should appear in person, and a rule to this effect was adopted.

Rosemary is an emblem of remembrance. There is an ancient tradition that the herb strengthens the memory. It was much used at weddings, being as significant as a white favor.

37 SICK BOYS SENT TO SUMMER HEALTH CAMP

After Month in Country They
Will Be Replaced By
Group of Girls.

The first party of vacationists to the annual summer camp conducted by the Alameda County Tuberculosis society left the city hall promptly at 9 o'clock this morning, en route for Mendocino Springs, twelve miles east of Livermore. Thirty-seven boys, chosen by health experts because of their great need for out-of-door living and fresh country fare, filled the machines, which were donated by private owners for the trip. They will be given a month's outing

The fifth annual camp will be maintained by citizens contributions. Approximately \$2000 will be required to provide theouting for 100 children. It is estimated that \$10,000 a week will finance a child. Little more than \$500 has been subscribed. When the group which goes into camp today returns from their month's vacation, a second group of as many girls will be sent into summer quarters. Gifts and checks may be sent to the Alameda County Tuberculosis society, Thirty-first and Grove streets by those desiring to provide a health insurance for the youngsters suffering from mal-nutrition.

A small brother of 4 was contributed to today's party by a "Little Mother" of 10, herself recovering from a mauling operation, following an operation at the Alameda County hospital. When the boy developed a limp he was taken by a school nurse to the Health Center where the foot was placed in a plaster cast. It is being closely watch to avoid development of a tubercular joint. The children live in a dark basement in West Oakland. One small boy today was left behind. His brother at the last moment developed chickenpox. Arthur Eccleston, camp expert, is in charge of the Livermore camp. Recent reports state that Andrew Carnegie established 2811 libraries.

Sun-Ripe
Hawaiian Pineapple
Crushed or Grated
Ready to Use

You can now buy real, sun-ripened Hawaiian Pineapple already crushed or grated for use.

Your grocer has this delicious fruit in assorted sizes to meet your needs—order a supply from him today.

For baking pies, making cakes, tarts, salads, frosting, sherbets, puddings and cooling summer drinks you will find Hawaiian Crushed or Grated Pineapple most convenient.

Serve it in sauce dishes just as it comes from the container. It makes a luscious fruit dessert, excellent for children.

The Pineapple Sundaes, Sodas, Ices, Sherbets and Frappes which you get at the soda fountains are made from the natural Crushed or Grated Hawaiian Pineapple. Ask for them.

Send for our recipe book. It contains hints for using Hawaiian Pineapple in many tempting ways.

ASSOCIATION OF HAWAIIAN PINEAPPLE PACKERS
58 East Washington St., Chicago

Pineapple Cream Cake
—½ cup butter or butter substitute, 1 cup sugar, 2 eggs, ½ cup milk, 1½ cups flour, 1 teaspoon salt, 2½ teaspoons baking powder. Cream butter, add sugar gradually and beat lightly. Mix sifted flour, baking powder and salt, and add alternately with milk to first mixture. Bake in moderately hot oven. Spread Pineapple Filling between layers and sprinkle top with powdered sugar.

Pineapple Cream Filling
—2 tablespoons corn starch, ½ cup sugar, 1 cup water, 1 cup Crushed or Grated Hawaiian Pineapple, 2 egg yolks, 1 teaspoon butter. Mix corn starch and sugar, then add one-half of the water (boiling). Cook until clear and then add pineapple, which has been heated, egg yolks well beaten, remaining water and butter. One tablespoon lemon juice may be added if desired.

HEINZ OVEN BAKED BEANS with Tomato Sauce

You may love the hills and woods and little birds and things—but the best part of the scenery is your picnic hamper. And the best thing in it are those Heinz Baked Beans.

Whether picnicing, camping, or at home, Heinz Baked Beans are the most convenient, most nourishing and most appetizing food for hot weather.

Be sure they are Heinz Baked Beans—and not ordinary beans. Oven baking by dry heat preserves the rich flavor and health-giving qualities that beans naturally have. And Heinz famous Tomato Sauce gives them that delicious tang that "just beans" do not have.

SUICIDE'S FINAL
WORD SAYS WIFE
DROVE HIM MADPleads That Children Be Not
Given To His Mother-
in-Law.

The will of William F. Kirschenberg, Oakland mechanic, who followed his wife to Phoenix, Arizona, and, after fatally shooting her, ended his own life last Friday, has been filed for probate with County Clerk George E. Gross.

The will consists of a dramatic letter in which the wife is charged with ruining him, the tragedy that followed his death, and Mrs. Kirschenberg's mother, Mrs. L. Parrish, is accused of being partly responsible for the situation. The letter begs that Mrs. Parrish be not allowed to have the two children, Gertrude, 7, and Roberta, 4.

Mrs. Parrish became hysterical and created a dramatic scene at the inquest into her daughter's death at Phoenix yesterday.

The petition for letters testamentary, filed by a brother, Ewald C. Kirschenberg, declares the estate is less than \$10,000 in value. It consists of a small life insurance policy, money in bank, and personal property. The letter, or will, follows:

"June 20, 1921. Again I am going to beg my wife to come back to me, for I love her and the children. If she doesn't come back to me something is going to happen and I can't help myself. She has ruined me and I don't know what to do. I am simply crazy. I have begged her not to leave me and I would treat her good. I have done all I could for her. I worked every day and supported them the best I could, but she has played a dirty trick. She has left me without saying good-bye and without leaving a note, and I didn't have a chance to say good-bye to the kids.

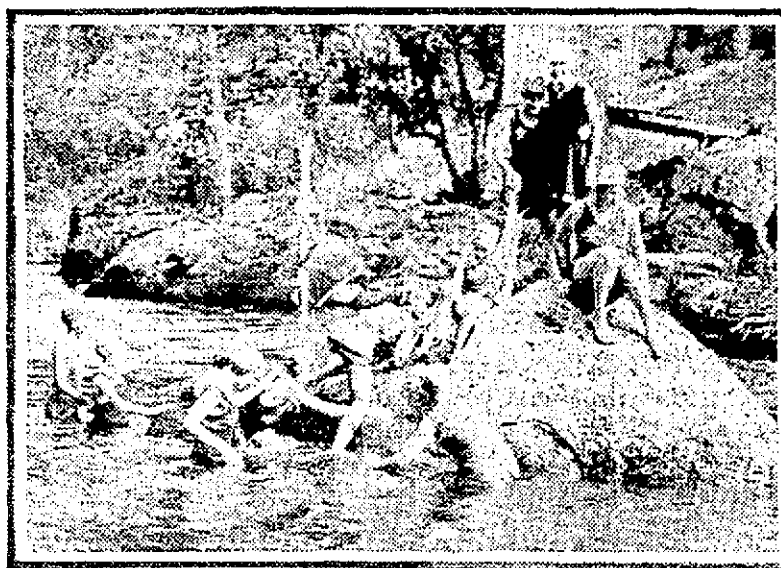

"If anything happens now you can blame part of this trouble to Mrs. L. Parrish, for she has practically done the same thing, so it runs in the family. If she did not but in on this, this would not have happened. And for the children's sake, please let her not have the children. She is not fit to take care of them the way they should. Give the children to my folks in Oakland, then I know they will have a better home. What is left over after paying the funeral expenses, that will be for the kids, for taking care of them.

"Now be sure and take the children away from Mrs. L. Parrish and give them a decent home. I must say good-bye forever.

"WILLIAM F. KIRSCHENBERG."

BERKELEY ASKED
TO ATTEND RODEO

BERKELEY, June 28.—Berkeley's participation in the Livermore Rodeo has been asked by the trade extension committee of the Oakland Chamber of Commerce and a large representation of Berkeleyans is expected as a result.

Participation of Berkeley is asked for the opening day, July 2, in the following letter received by the Chamber of Commerce from C. W. Foy of the Oakland commercial body:

"We want to take 500 live wire business men and women on this trip. We would particularly appreciate a place near 100 per cent representation from the Berkeley Chamber of Commerce as possible. It is proper that we in the metropolitan district of the Eastbay should do everything possible to strengthen the hands of those communities which comprise our back country.

"July 2 is the opening day of the Livermore Rodeo. The Livermore people have a broad vision as to the future possibilities of their Rodeo. They intend to make it an annual event, so big, so good and so clean that it will be known in every state in the Union, so that every summer tourists to California will make it a special point to include the Rodeo in their itinerary. The Rodeo Association is a non-profit organization, comprised of the citizens of Livermore valley. After paying the necessary expenses to put the Rodeo on a permanent basis as a national event, the funds will be devoted to a memorial to the boys of the valley who enlisted in the late war."

CAMPERS FROM
OAKLAND PLAN
BIG CELEBRATIONMunicipal Grounds On Middle
Fork At Tuolumne To Ring
With Joyous Sports.

Hundreds of campers, spending their vacations at the Oakland municipal camp on the middle fork of the Tuolumne river in the heart of the Stanislaus National Forest, are making preparations this week for

the celebration of July 4, when scores of visitors are expected to visit the site.

The day will be visitors' day and the group of boys who occupy the camp will be entertained with a rodeo, swimming races, games and an elaborate dinner.

Saddle trips are one of the attractive features of the camp this year, according to reports from persons spending their vacation in the forest. Every day equestrian parties set out for North Mountain Lagoon, Lake Eleanor and other interesting points.

In addition to saddle trips and hiking parties, two large swimming pools supply the campers with plenty of bathing. One of the pools is for beginners and children and the other has diving equipment, rafts and other facilities, for experienced swimmers.

FISHING IS GOOD.

Fishing is also one of the main sports at the camp and hundreds of trout are landed each week by the amateur Isaac Waltons. The big catch of last week was made by Chester Phillips of Oakland, who brought forty-one trout into camp Saturday.

With the receipt of additional applications by officials of the recreation department, who are in charge of the camp, for quarters, it is being contemplated extending the time

BERKELEY SCOUT
MASTER RESCUES
GIRL IN SIERRASJack Everhard Plunges Into
Stream To Save Virginia
Roberts of Oakland.

BERKELEY, June 28.—How Jack Everhard, scoutmaster of Troop 29, Berkeley Scouts, saved a 12-year-old girl from drowning at Wawona, en route to Yosemite, is the interesting news which has just reached Berkeley.

Virginia Roberts of Oakland, Stanislaus county, is the girl saved. While bathing in the river she cut her foot on a jagged rock, lost her balance and was swept away by the swift current. Hearing the screams of the girl for help, Everhard plunged in and brought her to safety. Members of the Scout troop rushed to the scene with their first-aid kits and the girl's wound was bandaged, after which she was carried for more than half a mile to her camp.

Everhard, who is 25 years old, resides at 1500 Channing way. Troop 29 is composed of boys who are residents of the Northridge section.

limit from August 13 to August 31. Whether or not the closing time for the camp will be extended, according to officials of the recreation department depends upon the receipt of fifty more applications for that period, which are necessary to make it worth while continuing the camp for an additional two weeks.

TELLS STORY OF TRIP.

Grant Kelley, 14 years old, historian for the camp, tells an interesting story of his trip to the site, in a letter home. His letter reads in part:

"Our truck was supposed to arrive at Knights Ferry at 7 p. m. Every one arrived in time to find hot chocolate waiting for them. When the last drop had been squeezed from the pot, many made known their intentions of remaining awake all night to see the town. This they attempted to do, but as there was little to see without a knowledge of the town's history, all was quiet on the Stanislaus by 1 a. m.

"The next day I was left to care for the historic hotel until the next group arrived. My first duty was to sweep the cobwebs from the moth-eaten corpse of a hotel. Perhaps, in consideration of its associations, with the past, it is irrelevant to speak of it in this manner, for in the days of its heyday it was crowded to capacity every night by the gold miners. In those days it was the scene of many a drinking brawl, and it is faintly rumored that the famous story is haunted by the ghost of a murdered miner hunting for gold that was stolen by his murderers.

"At the end of the town is a house where General Grant spent his honeymoon."

Co-operation Will Be Aim
Of Council, Says Colbourn

With the assistance of the business, commercial and professional men of the city the new city council will work toward making Oakland the greatest city on the Pacific Coast, Frank Colbourn, commissioner-elect, told the Business Development League at its regular luncheon meeting. Members of the Rotary, Lions and Kiwanis clubs and the Progressive and Mutual Business Men's clubs attended the luncheon as guests of the Business Development League.

Oakland is no more a village, the "bedroom" of San Francisco, Colbourn declared, but is a metropolis, and if the business and professional men will invest a little energy and public sentiment toward its development the city will soon be the largest on the Pacific Coast. Lack of interest in civic affairs was given as the reason by Colbourn for the slow development of the city during the past four years. The luncheon was held yesterday at the Hotel Oakland.

IMPROVEMENTS PLANNED.

One of the first moves of the new council, Commissioner-elect Colbourn said, will be to improve the roads and streets leading to the western waterfront, particularly Seventh and East Fourteenth streets. Concerning the development of the western waterfront Colbourn said:

"What this city needs is taxable wealth. The sun rises and sets on a veritable gold mine—the western waterfront—and with all friction removed and the city council as a body working for its development it will become the natural outlet for the city's commerce. The western waterfront is destined to become the city's main source of revenue and all that is needed now is the unqualified support of the business and professional men of the Eastbay."

The city of Oakland is formed like a big corporation, Colbourn continued, with the 226,000 citizens as stockholders and the city council, comprising five men, sitting as the board of directors. The affairs of the city and its methods of progress concern each citizen, as a stockholder in the corporation, as they do the city commissioners, he said. Colbourn told of the ambition of Mayor John L. Davis to develop

LEGION MEN ARE
TOLD OF HEALTH
WORK IN COUNTYSupervisor Hamilton and Dr.
Pomeroy Are Guests of
Men At Luncheon.

Supervisor William J. Hamilton and Dr. George T. Pomeroy were the speakers yesterday at the luncheon of Oakland Post, No. 5, of the American Legion, at the Iroquois Cafe. Supervisor Hamilton told of the work being done in this county to further public health and of the plans to make the county hospital one of the best in the West.

"The Board of Supervisors is endeavoring to reach everywhere the needs of the community so that the future citizens shall not be incumbered in health or intelligence," said Hamilton; "that they may be physically and mentally able to further their share in the prosperity and development of this community. We are aiding the needy widows in their battle to educate and raise their children to be useful agencies in the advancement and welfare of our great problems."

"Although the main health center in Alameda county is located at Thirty-first and Grove streets, where now over 100 persons are treated daily, let us not lose sight of the fact that the center is a county-wide institution, with branches operating at San Leandro, Hayward, Niles and Livermore. Branches of a different nature have also been established in our city and county schools."

Dr. Pomeroy related some incidents that befell him while traveling in Turkey. Pomeroy is a member of Oakland Post, No. 5, of the American Legion, and but recently supplied the club members with a collection of war souvenirs which he gathered while on his western tour.

There are 10,870 men and women employed in the in the New York City police department.
